Dear Mr Chin

### **Exemption Application – King of the Hills Pipeline (PL 126)**

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the King of the Hills Pipeline (PL 126) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant Category 2 and 3 exemptions (exemption from the obligation to publish information under Division 2) for the King of the Hills Pipeline (PL 126). The exemptions are valid from 16 August 2022 for five years and expire on 16 August 2027.

These exemptions may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules (WA)*.

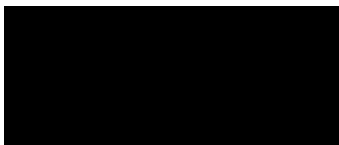

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The King of the Hills Pipeline (PL 126) must still comply with all other provisions in the *National Gas Rules (WA)* not covered by these exemptions.

The ERA is required to establish, publish and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900 if you have any questions on this matter.

Yours sincerely

Jenness Gardner  
**Chief Executive Officer**
