## Guideline for regulatory financial reporting on the Australian Energy Market Operator's Western Australian services and functions

### Consultation

The Economic Regulation Authority is seeking stakeholder feedback on the new [regulatory reporting guideline](#) and [template](#).

The regulatory reporting guideline and template will:

- assist AEMO's reporting of its finances and expenditure in Western Australia.
- improve clarity about pressures on market fees to enable market participants to better manage future price changes.
- improve the transparency and accountability of AEMO's financial reporting to the market.
- ensure continuity and consistency of financial information between review periods, which will assist in comparing costs over time.

### Background

The Wholesale Electricity Market Rules and Gas Services Information Rules require the ERA to publish the guideline and consult on amendments.<sup>1</sup>

The ERA will consider the stakeholder feedback received through the consultation process to finalise the guideline. The guideline will take effect from the date it is published on the ERA's website.

### Invitation for submissions

The ERA invites interested parties to make submissions on the [regulatory reporting guideline](#).

Submissions close 4:00 pm (WST) Tuesday, 13 September 2022.

Submissions should be lodged online using the form on our website [www.erawa.com.au/consultation](http://www.erawa.com.au/consultation).
