## Proposal guideline for Australian Energy Market Operator's allowable revenue funding submission Consultation

The Economic Regulation Authority has published a [proposal guideline](#) to assist the Australian Energy Market Operator (AEMO) to prepare funding proposals. The Wholesale Electricity Market Rules and Gas Services Information Rules (the Rules) require the ERA to publish the guideline and consult on amendments.

The ERA proposes amending the guidelines following its final determination of the allowable revenue and forecast capital expenditure for the sixth review period, from 1 July 2022 to 30 June 2025 (AR6). The proposed amended guideline would supersede the guideline published by the ERA on 29 October 2021. The proposed amendments are intended to streamline the revenue evaluation process by clarifying the type of information and level of detail necessary for the ERA to apply the regulatory test established by the Rules.

The ERA will consider the stakeholder feedback received through the consultation process to finalise the guideline. The guideline will take effect from the date it is published on the ERA's website.

### Invitation for submissions

The ERA invites interested parties to make submissions on the proposal guideline.

Submissions close 4:00 pm (WST) Thursday, 13 October 2022.

Submissions should be lodged online using the form on our website
