CleanTech Energy Pty Ltd (t/a Delorean Energy Retail)

Minor amendment to electricity retail licence ERL24

The Economic Regulation Authority has approved a minor amendment to CleanTech Energy Pty Ltd's electricity retail licence ERL24 to remove the obligation to supply electricity to small use customers¹.

CleanTech Energy transferred their small use customers to Amanda Energy Pty Ltd on 15 December 2022. The licensee requested the removal of the licence obligation to supply small use customers on 20 December 2022.

The ERA considers the change to the licence to be a minor amendment that does not require public consultation.

The amended licence [ERL24](#) (version 6) is available on the ERA website.
