Electricity Compliance Reporting Manual 2023

The Economic Regulation Authority has published an amended Electricity Compliance Reporting Manual to assist electricity licensees to understand and comply with their licence obligations.

The manual has been updated to incorporate amendments to the *Code of Conduct for the Supply of Electricity to Small Use Customers 2022* that took effect on 20 February 2023.

- [Electricity Compliance Reporting Manual 2023 \(clean version\)](#)
- [Electricity Compliance Reporting Manual 2023 \(marked-up version\)](#)

The ERA publishes the manuals to provide:

- A consolidated list of the compliance obligations relevant to all electricity licensees.
- Categorisation of licence conditions to assist with reporting obligations.
- A self-assessment framework to assist licensees to achieve compliance with licence conditions and report non-compliances to the ERA.

Licensees are encouraged to review the changes to the manual and the licence obligations applying to their licence(s).
