STANDARD ELECTRICITY
TERMS AND CONDITIONS

1 SUPPLY OF ELECTRICITY

We will sell electricity to *you* at the *premises* in accordance with this *contract*. Unless otherwise agreed, this *contract* applies to the sale of electricity to all *residential customers* or *business customers* who pay the *standard price* for electricity.

2 CODE OF CONDUCT

The *code of conduct* regulates the conduct of electricity retailers, network operators and electricity marketing agents. The *code of conduct* is designed to protect the interests of residential and small business users.

Matters covered by the *code of conduct* include electricity marketing, connection, billing, payment, payment difficulties and *financial hardship*, protections relating to *family violence*, disconnection, reconnection, pre- payment meters, information and communication, complaints and dispute resolution, reporting and service standard payments.

If *you* are a customer who consumes not more than 160 megawatt hours of electricity per annum, *we* will supply electricity to *you* under this *contract* in compliance with the *code of conduct*. Accordingly, where *you* are a customer who consumes not more than 160 megawatt hours of electricity per annum and this *contract* deal with a subject matter that is covered by the *code of conduct*, then *we* will act consistently with the relevant provisions of the *code of conduct*.

You can obtain more information about the *code of conduct* from *us* or the Economic Regulation Authority - www.erawa.com.au.

3 WHEN THE CONTRACT STARTS

- (a) Subject to clause 3(b), the *contract* begins on the date and time *we* agree to supply electricity to *you* or at any earlier time when electricity is deemed by law to be supplied to *you* under this *contract*.
- (b) *We* may require *you* provide *us* with acceptable identification as a precondition to enter into this *contract*.

In this clause 3 “**acceptable identification**” has the meaning given in clause 22(1) of the *Electricity Industry (Customer Contracts) Regulations 2022* (WA).

4 CHARGES AND REBATES

4.1 Standard price

You must pay to *us* the *standard price* that applies to *you*.

4.2 What are standard prices?

There are two main types of *standard prices* available: residential prices and non-residential prices.

In addition, there are also different types of residential prices and non-residential prices. Some examples of these are the business price, community service price and the charitable accommodation price.

Whether a particular *standard price* applies to *you* will depend on *you* meeting the eligibility conditions for that *standard price*.

For an explanation of the *standard prices* available and the eligibility conditions applying to those *standard prices*, please visit *our* website or call *us*.

If *we* change the *standard prices*, *we* will notify *you* of the changes in the *standard prices* by no later than *your* next bill.

4.3 Which standard price do you pay?

Your bill will show which *standard price* *you* are paying. Please advise *us* if *you* wish to choose a different *standard price* from the price appearing on *your* bill. If *you* meet the relevant eligibility conditions, *we* will change the *standard price* that applies to *you* to the *standard price* of *your* choice within 10 Business Days of *you* asking *us* to be supplied under a different *standard price* and demonstrating that *you* meet the relevant eligibility conditions.

The new *standard price* will be effective from the date that *your* meter was last read unless otherwise agreed between *you* and *us*. In some cases, *we* may need to adjust the meter at *your* premises or provide *you* with a new meter in order for *us* to provide *you* a different *standard price*. In that case, the new *standard price* will be effective when *your* meter is adjusted or *your* new meter has been installed by *us*. Please note that there may be a separate charge for meter adjustments and new meters. For an explanation of these charges, please visit *our* website or call *us*.

4.4 Eligibility conditions on standard price

It is *your* responsibility to assess if the *standard price* *you* are paying is appropriate for *your* circumstances based on eligibility conditions applicable to that *standard price*.

You must advise *us* as soon as possible if *you* no longer meet the eligibility conditions applying to the *standard price* that *you* currently pay.

If *we* discover that *you* are no longer eligible to receive the price that *you* currently pay, including because the premises are changed pursuant to clause 23.9(a), then *we* will advise *you* in writing of the new *standard price* that *you* must pay instead of the price that *you* currently pay.

If *you* are no longer eligible to receive a particular *standard price* because *we* no longer offer that *standard price* *we* will notify *you* on or before the date of the withdrawal and offer *you* an alternative *standard price*. In the event *you* do not nominate an alternative *standard price* then *we* can advise *you* in writing of the new *standard price* *you* must pay.

If *you* have been undercharged for *your* electricity supply because *you* were being charged at a *standard price* that *you* were not eligible to receive, then *we* can require *you* to pay to *us* the amount that *you* have underpaid for a period of up to 12 months prior to the date that *we* advise *you* of the new *standard price* or a longer period if the underpayment was directly attributable to *your* act or omission.

4.5 Rebates

If *you* are eligible for a *rebate* in accordance with any eligibility criteria published by *us* from time to time and *you* apply to *us*, *we* will provide that *rebate* to *you*. *You* can contact *us* if *you* have any queries about *your* rebate eligibility.

4.6 Eligibility conditions on rebates

If *you* are no longer eligible for a *rebate*, *you* must advise *us* as soon as possible.

If *we* discover that *you* are no longer eligible for a *rebate*, then *we* will advise *you* in writing that *you* will not be receiving any further *rebates*. *We* can also require *you* to pay to *us* the amount that *you* have underpaid for a period of up to 12 months prior to the date that *we* advise *you* that *you* will not receive the *rebate* or a longer period

if the underpayment was directly attributable to *your* failure to provide *us* with access to the meter.

4.7 How we publish things

Where we are required to publish a *standard price, concession, rebate* or other things (or any variation to any of them) in accordance with the terms of this *contract*, we will publish that thing on *our* website. We may also make that thing available for access on a designated online channel or mobile application. If *you* ask for a copy of this information, we will provide it to *you*.

5 HOW WE WILL CALCULATE YOUR ELECTRICITY USE

5.1 Basis of a bill

Where a *meter* has been installed at *your premises* we use *meter* readings to prepare *your* bill. We will obtain or estimate metering data to prepare *your* bill consistent with clause 22 of the *code of conduct* (where applicable to *you*) and this *contract*. However, if we ask *you*, *you* can agree to read the *meter yourself* and provide *us* with the *meter* readings for billing purposes (subject to validation and clause 22 of the *code of conduct* (where applicable to *you*)). Where there is no meter installed at *your premises* we will bill *you* in accordance with energy data that is calculated in accordance with the metrology procedure, the *metering code* or any applicable law.

In any event and provided a *meter* has been installed at *your premises*, we will use our best endeavours to ensure that we obtain metering data for *your premises* as frequently as required to prepare bills and will ensure this occurs at least once every 12 months.

5.2 Estimated bills

If we cannot reasonably base a bill on *our* or *your* reading of the *meter*, or if required by the *code of conduct* (where applicable to *you*) we will provide *you* with an estimated bill in accordance with the *code of conduct* (where applicable to *you*) and we will inform *you* in the bill that the bill was estimated. If *your* bill is estimated *you* can contact *us* and we will tell *you* the basis of that estimation and the reason for the estimation. If we have provided *you* with an estimated bill and we subsequently obtain an actual *meter*, then *your* next bill will be adjusted to take account of that *meter* reading.

If we provide *you* with a bill based on an estimate because *you* failed to provide access to the *meter* and *you* later request *us* to replace *your* estimated bill with a bill based on an actual reading of *your meter*, we will use *our* best endeavours to do so if *you*:

- (a) pay *our* reasonable charge for reading the *meter*; and
- (b) provide due access to the *meter*.

5.3 You can request a meter test

You can ask *us* to test the *meter* to ensure that it is measuring accurately, and we will test the *meter* if *you* first pay to *us* a *meter* testing fee. If we find that the *meter* is measuring accurately, then we will keep the *meter* testing fee. If we find that the *meter* is not measuring accurately, then we will refund the *meter* testing fee to *you*.

If the *meter* is not measuring accurately, we will also repair or replace the *meter* at no charge to *you* provided *you* have complied with clause 8.3 of this *contract*.

In this clause “accurately” means as accurately as the law requires the *meter* to measure.

6 BILLS

6.1 When we will bill you

We will bill you in accordance with the *billing cycle* that we set for our customers from time to time. As an indication (and subject to the *code of conduct* (where applicable to you)), our *billing cycle* is no less than once every 100 days, unless the *code of conduct* (where applicable to you) provides otherwise or you have agreed otherwise, except that you and we cannot agree to a regular recurrent period of the new billing cycle that exceeds 100 days.

We will:

- (a) issue bills to the address nominated by you (which may include an email address); or
- (b) otherwise make bills accessible to you in accordance with any online channel or mobile application agreed between you and us but if we do this, we will also send a bill to you in accordance the clause 6.1(a) at no additional charge if you ask us.

6.2 Paying your bill

You must pay the total amount payable for each bill by the due date specified in that bill. The due date will be at least 12 *business days* from the date of the bill.

We must accept your request to make a payment-in-advance in accordance with the *code of conduct*, however we will not be required to:

- (a) accept any payment-in-advance from you that is less than \$20 or that is more than the maximum credit amount determined by us in accordance with the *code of conduct* (which will not be less than \$100); or
- (b) credit any interest to the amounts we receive as payments-in-advance.

You can find out the range of payment options that you can choose from by referring to your bill, by visiting our website or by calling our customer service centre.

6.3 Payment assistance and protections relating to family violence

- (a) If you are a *residential customer*, you may be entitled to certain assistance in relation to payments you are required to make under this *contract*, which we make available to all *residential customers* under our *payment assistance and hardship policy*. This may include additional time to pay a bill and a payment plan for the amount owing.
- (b) If you are having trouble paying your bills, please advise us. If you are a *residential customer* experiencing financial hardship, we will offer you payment assistance in accordance with the *code of conduct* (where applicable to you) and our *payment assistance and financial hardship policy*.
- (c) We will make an assessment of whether or not you are experiencing financial hardship within 5 *business days* of your request and, if you ask us, we must provide you with the result of our assessment under clause 6.3(a), including the reasons for the outcome of our assessment.
- (d) If you are a *business customer* having trouble paying your bills and you tell us, we will offer you assistance in accordance with the *code of conduct* (where applicable to you).
- (e) If you owe us money, you may request that we transfer the debt to another customer, we may transfer the debt to that person provided we obtain that person's *verifiable consent*.
- (f) If you are a *residential customer* and you or any person listed on your account is a *vulnerable customer* affected by family violence, please advise us. We are here to support you and there are certain things we will do in order to assist, in accordance with the *code of conduct* and our *family violence policy* (for example, we cannot disconnect you for a period of 9 months except in limited circumstances and we must also consider the impact of any applicable debt collection activities on the *vulnerable customer*).

6.4 If you do not pay your bill

- (a) If *you* do not pay the total amount payable for any bill by the due date, then *we* can:
- (1) send a *disconnection warning* to *you*; and
 - (2) subject to complying with the *code of conduct* (where applicable to *you*), charge *you* a fee for each overdue account notice *we* send to *you*; and
 - (3) charge *you* interest on any amount *you* have not paid; and
 - (4) disconnect *your* electricity supply; and
 - (5) subject to *us* complying with clause 6.6, shorten *your* *billing cycle*.
- (b) If *you* do not pay the total amount payable for any bill after *we* send a *disconnection warning* to *you*, then *we* may, subject to *us* complying with clause 39 of the *code of conduct* (where applicable to *you*):
- (1) refer *your* debt to a debt collection agency for collection and if *we* do so, *you* must pay any costs that *we* incur in connection with the recovery of the unpaid bill (including the agency's fees and legal fees); and /or
 - (2) recover *your* debt in any court of competent jurisdiction as a debt due to *us*.
- (c) If *you* pay a bill and the payment is dishonoured or reversed and, as a result, *we* have to pay fees to any other person, *you* must reimburse *us* for those fees.
- If *your* account remains overdue for more than 60 days, *we* may give information about *you* to a credit reporting body. This information will allow the credit reporting body to create or maintain a credit information file containing information about *you*. The information that *we* disclose about *you* to a credit reporting body may include any of the following:
- (i) Identification information including *your* name, sex, address (and *your* previous two addresses), date of birth, name of employer and drivers licence number;
 - (ii) Amounts over \$200 that are overdue by more than 60 days and for which debt collection action has started;
 - (iii) Advice that *your* payments are no longer overdue in respect of any default that has been listed;
 - (iv) Information that, in *our* opinion, *you* have committed a serious credit infringement (that is, acted fraudulently or shown an intention not to comply with *your* credit obligations); and
 - (v) Dishonoured cheques – cheques drawn by *you* for \$150 or more which have been dishonoured more than once.

This information may be given before, during or after the supply of services to *you*.

6.5 Billing data

If *you* consume less than 50 MWh of electricity per annum, *we* will give *you* *your* billing data for the *premises* upon request. Unless *we* are required by law to provide this billing data to *you* free of charge, *you* must pay *us* a reasonable fee before *we* provide the data to *you*. For example, this information will be free of charge:

- (a) for the first request that *you* make in a year if the data requested is for a

period less than the last 2 years, or

- (b) if *you* request the billing data in relation to a dispute with *us*.

If *you* have registered for *our* online services, *you* may be able to access this information directly from *our* website at no cost.

6.6 Shortened billing cycles

- (a) A shortened billing cycle is a billing cycle that is shorter than *our* standard billing cycle applicable to *you* under this *contract*.
- (b) If *we* have a right to shorten your *billing cycle*, *we* can only do that if:
 - (1) *you* are not experiencing *financial hardship*;
 - (2) *we* have given *you* a *reminder notice* in relation to 3 consecutive bills;
 - (3) before the third *reminder notice* was given to *you*, *we* gave *you* a notice consistent with clause 20(2)(c) of the *code of conduct*.
- (c) If *we* place *you* on a shortened *billing cycle*, *we* must within 10 *business days* after placing *you* on a shortened billing cycle give *you* notice that:
 - (1) *you* have been placed on a shortened *billing cycle*;
 - (2) *you* must pay 3 consecutive bills by the due date shown on each bill to return to *your* former *billing cycle*; and
 - (3) failure to make payment may result in arrangements being made for disconnection of the supply of electricity.

7 REVIEWING YOUR BILL

7.1 Reviewing a bill

If *you* have a query about *your* bill and *you* ask *us* to review the bill, then *we* will review it.

In the meantime, *you* must pay to *us* the balance of the bill that is not being queried or an amount equal to the average amount of *your* bills at the *premises* over the previous 12 months (excluding the bill that *you* are querying), whichever is less. If *you* have any other bills that are due, then *you* must also pay those bills by the due dates. If in accordance with clause 27(1) of the *code of conduct* (where applicable to *you*) *you* request *us* to review *your* bill, then *we* will review *your* bill and inform *you* of the outcome of the review as soon as *we* can and no later than 20 *business days* from the date *we* are taken to receive *your* request for *us* to review *your* bill.

If after a review of *your* bill:

- (a) *we* are satisfied the bill is correct, *we*:
 - (1) may require *you* to pay the unpaid amount; and
 - (2) will advise *you* that *you* can ask *us* to arrange a *meter* test; and
 - (3) will advise *you* of *our* *customer complaints policy* and any external complaints handling processes; or
- (b) *we* are satisfied the bill is incorrect, *we* will adjust the bill for any undercharging or overcharging (clause 7.2 explains how *we* do this).

7.2 Undercharging and overcharging

- (a) If *we* undercharge *you* for any reason, *we* can require *you* to make a correcting payment. However, if *you* are a customer who consumes not more than 160 megawatt hours of electricity per annum and *we*:
 - (1) undercharge *you*; or

(2) are required to adjust the bill in accordance with the *code of conduct*,

we will:

(3) only require *you* to make a correcting payment for amounts undercharged in the 12 months prior to the date that *we* advise *you* that *you* have been undercharged, which must be no later than the next bill after we become aware of the charging;

(4) provide an explanation of the basis on which the undercharging amount was calculated;

(5) not charge *you* interest on the amount of the undercharge or a fee for late payment unless *you* fail to pay the amount by the due date and do not enter into a payment plan agreed with *us* for that amount and in that case we may do either but not both of these things; and

(6) if *you* are a *residential customer*, offer *you* the option to pay the correcting payment by instalments.

(b) If clause 7.2(a) applies to *you* and *we* undercharge *you* and *we* were denied access to the *meter* at the *premises* for more than 12 months, then the 12 month time limitation in clause 7.2(a)(3) does not apply.

(c) If *you* are a customer who consumes more than 160 megawatt hours of electricity per annum, then *we* can recover the amount of any undercharge subject to and in accordance with applicable laws.

(d) If *we* overcharge *you* due to an error, defect or default for which *we* are responsible (including where the *meter* has been found to be defective not due to *your* breach of this *contract*), then, in accordance with the *code of conduct* (where applicable to *you*) and subject to clause 22, *we* will notify *you* and seek *your* instructions as to whether to credit the overcharged amount to *your* account or have the overcharged amount repaid to *you*. If the amount of the overcharge is less than \$100, or if *we* do not hear from *you* in relation to *your* preferences for crediting or repayment within 5 *business days* of making the request, *we* may credit the amount to *your* next bill instead of having the amount repaid to *you*. The 12-month limit referred to in clause 7.2(a) does not apply to amounts that *we* have overcharged *you*.

(e) If *we* overcharge *you* and *you* owe *us* a debt, *we* may after providing written notice to *you*, use the amount *you* have been overcharged to set off the debt *you* owe *us* provided that *you* are not experiencing *payment difficulties* or *financial hardship*. If, after the set off, there remains an amount of credit to *you*, *we* will deal with it in accordance with clause 7.2(c).

8 ELECTRICITY SUPPLY EQUIPMENT AND YOUR EQUIPMENT

8.1 Electricity supply equipment

The *electricity supply equipment* remains *our* property at all times and *we* are responsible for installing and maintaining the *electricity supply equipment*.

You must not do anything that will damage, bypass or interfere with the *electricity supply equipment* or use electricity in a way that interferes with, damage or bypass that equipment. *You* must ensure, and take all necessary actions to ensure, that any other person does not do anything that will damage, bypass or interfere with the *electricity supply equipment* or use electricity in a way that interferes, damages or bypasses that *electricity supply equipment*.

“*electricity supply equipment*” means the *meter* (if any) for the *premises* and all wiring,

apparatus and other equipment or works located upstream from the point that electricity leaves that *meter* or, if there is no *meter* for the *premises*, upstream from the *connection point* for the *premises* and which are used by *us* for, or in connection with, the supply of electricity and any wiring, apparatus or other equipment or works belonging to *us* located downstream of the point that electricity leaves the *meter* for the *premises* or, if there is no *meter* for the *premises*, downstream of the *connection point* for the *premises* which are used by *us* for, or in connection with, the supply of electricity.

8.2 Your equipment

You are responsible for keeping *your equipment* in good working order and condition.

“*your equipment*” means all wiring, apparatus and other equipment or works located at the *premises* which are used for, or in connection with, the supply or consumption of electricity, except any *electricity supply equipment*.

8.3 Prohibited activity

(a) *You* must not:

- (1) tamper with, bypass, circumvent or otherwise interfere with the electricity supply equipment, or do anything that will prevent *us* from accessing the electricity supply equipment;
 - (2) use electricity in a way that interferes with the supply of electricity to anyone else;
 - (3) use electricity in a way that interferes with the supply of electricity by *us* to *you*;
 - (4) use electricity in a way that causes loss to *us* or anyone else;
 - (5) contravene any applicable laws in relation to the use of electricity, use or operation of the *electricity supply equipment* or use or operation of *your* equipment; or
 - (6) use a connection point to transfer electricity into the electricity network without *our* prior written consent.
- (b) *You* must ensure that any other person does not do any of the things listed in clause 8.3(a) of this *contract*.
- (c) *You* must immediately notify *us* on becoming aware of any behaviour or circumstances which is suspected to or may reasonably be expected to contravene clauses 8.3(a) and 8.3(b) of this contract.
- (d) In the event *you* or someone else tampers with, bypasses, circumvents or otherwise interferes with the *electricity supply equipment* then *you* will be responsible for any loss to *us*.

9 MOVING PREMISES

9.1 New electricity connection

If *you* move into the *premises*, or the *premises* under this *contract* is changed pursuant to clause 23.9(a) of this *contract*, and it does not already have an existing electricity connection, then *we* will sell *you* electricity from the day that *we* connect the *premises* to the network and energise the *premises*.

9.2 Existing electricity connection

If you move into the *premises*, or the *premises* under this *contract* is changed pursuant to clause 23.9(a) of this *contract*, and it has an existing electricity connection, then we will charge you for electricity supplied to the *premises* from the date that the *meter* at the *premises* was last read, unless you read the *meter* and advise us of the *meter* reading within 3 *business days* of the day that you move in. If a final *meter* reading was not taken, we will estimate the amount of electricity used by the previous occupant (having regard to seasonal consumption patterns of the previous occupant or a similar class of customer supplied by us), so we do not overcharge or undercharge you.

9.3 Moving out

- (a) If you move out of a *premises* and no longer wish to obtain an electricity supply at that *premises*, you must notify us:
- (1) of the date of your departure from the *premises* at least 3 *business days* before you move out.
 - (2) of an address where the final bill for the supply of electricity at those *premises* can be sent, unless you and we otherwise agree.
- (b) If you notify us as described in clause 9.3(a), and you move out of the *premises* at the time specified in your notice, then we will arrange a final *meter* reading on the day that you move out of the *premises* and issue a final bill to you for electricity consumed at those *premises* and other charges relating to your supply at those *premises* (including, for example, supply charges) up to the day you move out of those *premises*.
- (c) If you have demonstrated to us that you were evicted from those *premises* or were otherwise required to vacate those *premises*, we will not require you to pay for electricity consumed at those *premises* from whichever is the later of, the date you vacate those *premises* and the date that you notify us of the following:
- (1) the date that you vacated or intend to vacate those *premises*; and
 - (2) a forwarding address to which a final bill for the supply of electricity at those *premises* may be sent.

However, we may still charge you for other charges relating to your supply at those *premises* (including, for example, supply charges and our reasonable charges for reading the *meter*).

- (d) If you move out of those *premises* and no longer wish to obtain an electricity supply at those *premises*, and you have not notified us of that and of an address where a final bill for the supply of electricity at those *premises* can be sent, at least 3 *business days* before you move out, then, subject to any applicable laws, we may require you to pay for our reasonable charges for reading the *meter* and for electricity consumed at those *premises* for up to a maximum of 5 days after you do notify us that you have moved out of those *premises*.
- (e) If you move out of the *premises* and no longer wish to obtain an electricity supply at those *premises* and you have given us at least 3 *business days* notice of the time of your departure from those *premises* and of an address where a final bill for the supply of electricity at those *premises* can be sent before you move out, then (despite the notice requirements in clause 9.3(a)) we may require you to pay for our reasonable charges

for reading the *meter* and for the electricity consumed at those *premises* only up to the day *you* move out of those *premises*.

- (f) If *your* account is in credit after *you* have paid *us* all amounts payable under clause 9.3(b), (c), (d) or (e), and you validly terminate this *contract*, then *you* can choose to have *us* credit *your* new account with this amount or repay the amount to *you* (if applicable).

10 ACCESS TO THE PREMISES

- (a) *You* must let *us* or persons nominated by *us* have safe and unrestricted access to the *premises* when *we* need it and without having to give *you* notice, at all reasonable times and at any time in an *emergency*, for the purposes of the performance of our functions in relation to the supply of energy to *you*, including access for us:
- (1) to read the *meter*; or
 - (2) to inspect or work on the *electricity supply equipment*; or
 - (3) to disconnect *your* electricity supply; or
 - (4) to inspect or work on *your equipment*; or
 - (5) for any other reason relating to the supply of electricity to the *premises*.
- (b) A person entering the *premises* on *our* behalf will clearly display identification that identifies the person as *our* employee or agent and show his or her identification to *you* if *you* ask to see it.
- (c) If *you* do not provide safe and unrestricted access to the *premises* for the purposes of a *meter* reading, *we* may request *you* to read the *meter* and provide the *meter* reading to *us*. If *we* make that request then *you* must read the *meter* and provide the *meter* reading to *us* within the timeframe specified in *our* request. This does not prejudice *our* rights and remedies in respect of *your* breach of clause 10(a)(1).

11 PERSONS DEPENDENT ON LIFE SUPPORT EQUIPMENT

11.1 Eligibility conditions on life support

You must advise *us* if *you* or a person residing at the *premises* is dependent on *life support equipment* and give *us* written confirmation from an appropriately qualified medical practitioner that the person requires *life support equipment* at the *premises*.

You must advise *us* as soon as possible if *you* or a person residing at the *premises* who is dependent on *life support equipment*:

- (a) no longer requires *life support equipment* at the *premises*;
- (b) changes their contact details or *premises*; or
- (c) changes their *life support equipment*.

If *you* advise *us* that the person no longer requires *life support equipment* *we* can de-register the *premises* as a *life support equipment address*.

11.2 Periodic confirmation of life support equipment requirements

If the *premises* is registered as a *life support equipment address*, *we* may in accordance with the *code of conduct* by notice require confirmation:

- (a) from *you* that a person residing at the *premises* continues to require *life support equipment*, except that *we* must send the notice no earlier than 3 months prior and no later than 3 months following the anniversary of the registration of the *life support*

equipment address;

- (b) in writing from an appropriately qualified medical practitioner that the person continues to require *life support equipment* at the *premises*.

11.3 Interruptions

If *you* have advised *us* (or *we* are otherwise aware) that *you* or a person residing at the *premises* is dependent on *life support equipment*, then *we* will not disconnect the *premises* for failure to pay a bill while the person requiring *life support equipment* continues to reside there or make any planned interruption to the electricity supply at the *premises* without giving *you* at least 3 *business days'* written notice. However, in an *emergency*, *we* can interrupt *your* electricity supply without giving *you* prior notice.

It is therefore very important that *you* make suitable alternative arrangements (for example a back-up supply or alternative power source) to address the needs of any person residing at the *premises* who is dependent on *life support equipment*.

11.4 Disconnections

If *you* have advised *us* (or *we* are otherwise aware) that *you* or a person residing at the *premises* is dependent on *life support equipment*, then consistent with the *code of conduct* (where applicable to *you*) *we* cannot arrange to disconnect *your* electricity supply because *you* fail to pay *us* a bill by the due date while the person requiring *life support equipment* continues to reside at the *premises*.

11.5 De-registration as a life support equipment address

- (a) If *you* have advised *us* that *you* or a person residing at the *premises* is no longer dependent on *life support equipment* then *we* will de-register the *premises* as a *life support equipment address*, provided that *we* are not aware that any other person residing at the *premises* still requires *life support equipment*.
- (b) If *you* fail to provide confirmation required in response to a notice given to *you* under clause 11.2 within 3 months of receipt of that notice, *we* must de-register *your premises* as a *life support equipment address* but:
 - (1) only after *we* have on at least 2 occasions at least 10 *business days* apart taken reasonable steps to contact *you* and warn *you* that the *premises* may be de-registered as a *life support equipment address* and *you* have still not provided the required confirmation;
 - (2) provided that *we* are not aware that any other person residing at the *premises* still requires *life support equipment*.

12 INTERRUPTIONS TO YOUR ELECTRICITY SUPPLY

12.1 Emergency and other reasons

We can interrupt or disconnect *your* electricity supply at any time without notice to *you* in an *emergency*, if *we* are permitted or required by law or if *Western Power Networks* requires *us* to do so. *We* will use *our* best endeavours to turn *your* electricity on again as soon as reasonably practicable once it is safe to do so.

If *we* disconnect *your* electricity supply because that *emergency* was caused or substantially contributed to by *you* or anyone under *your* care, custody or control or who was present at the *premises* with *your* permission, then *we* can charge *you* a fee for disconnecting *your* electricity supply and *we* can also charge *you* a fee for reconnecting *your* electricity supply. *We* will reconnect *your* electricity supply when *you* ask *us* to do so and *we* are satisfied that the *emergency* no longer exists, and it is otherwise safe to reconnect *your* electricity supply.

12.2 Planned work on distribution system

We can interrupt or disconnect *your* electricity supply at any time if we or Western Power Networks needs to carry out planned work on a *distribution system*. We will reconnect *your* electricity supply as soon as practicable following the end of the planned work and it is otherwise safe to reconnect *your* electricity supply.

12.3 Events beyond your control

If an *event beyond your control* occurs and prevents *you* performing any of *your* obligations under this *contract* to any extent, *you* must tell *us* as soon as reasonably practicable, and *you* are then not required to perform that obligation to the extent and for as long as *you* are prevented by that *event beyond your control*. However, *you* must pay *your* bill by the due date shown on the bill or pay a security deposit in accordance with *your* obligations under this *contract*, even if an *event beyond your control* occurs.

12.4 Events beyond our control

If an *event beyond our control* occurs and prevents *us* performing any of *our* obligations under this *contract*, then *we* are not required to perform that obligation to the extent and for as long as *we* are prevented by that *event beyond our control*. If such an *event beyond our control* occurs and *we* consider it appropriate to do so, *we*

may notify *you* of the *event beyond our control by any reasonable means, including* by a public announcement (for example, on television, radio or in a newspaper).

12.5 Disconnection due to your actions

We can disconnect *your* electricity supply, acting in accordance with clause 12.6 and any applicable laws, including the *code of conduct*, if:

- (a) subject to clause 11.2 of this *contract* you fail to pay a bill in full by the due date shown on the bill; or
- (b) *you* do not give *us* safe and unrestricted access to the *premises* or the *meter* at the *premises*; or
- (c) there has been unlawful or unauthorised use or supply of electricity at the *premises* or any other *premises*; or
- (d) *you* fail to keep *your equipment* in good working order or condition; or
- (e) *you* get electricity supplied to the *premises* in breach of this *contract*; or
- (f) *you* commit a substantial breach of any of *your* obligations under this *contract*, including an obligation to pay *us* a security deposit; or
- (g) without limiting any of the above paragraphs, *you* breach any of *your* obligations under this *contract* where that breach is capable of remedy and *you* fail to remedy the breach within 10 *business days* of *us* requesting *you* to do so.

12.6 Things we must do before disconnecting your electricity supply

If *we* wish to disconnect *your* electricity supply because *you* fail to pay a bill within the meaning of clause 48 of the *code of conduct*, *we* will (subject to the *code of conduct* (where applicable to *you*)):

- (a) give *you* a *reminder notice* not less than 15 *business days* from the date that *we* sent *you* the bill; and
- (b) use *our* best endeavours to contact *you* to advise of the proposed disconnection; and
- (c) if *you* still have not paid *us* after the *reminder notice*, then give *you* a *disconnection warning* not less than 20 *business days* from the date that *we* sent *you* the bill, advising *you* that *we* may disconnect *you* on or after a day that is at least 5 *business days* after the date *you* are deemed to receive the *disconnection warning*; and
- (d) not disconnect *you*:
 - (1) until at least 1 business day after the date that *we* say *we* may disconnect your electricity supply in the *disconnection warning*;
 - (2) if *you* are adhering to obligations to make payments under an agreed payment plan or arrangement relating to the payment of the bill; or
 - (3) if *you* are a *residential customer*, the outstanding amount is less than \$300 and *you* agree to pay the outstanding amount; or
 - (4) *you* inform *us*, or *we* are otherwise aware that *you* have applied for a *concession* and the decision on the application has not been made;
 - (5) if the amount *you* fail to pay does not relate to the supply of electricity; or
 - (6) if the bill does not relate to the supply address, other than if the bill relates to a supply address *you* previously occupied.

If *we* wish to disconnect *your* electricity supply because *you* fail to give *us* access to the *meter* at the *premises*, *we* will:

- (e) if the purpose of access is to read the meter, only disconnect *you* if *you* deny access for at least 9 consecutive months and comply with clause 12.6(g); or
- (f) if the purpose of access is for testing, maintaining, inspecting, altering or replacing a *meter* or checking the accuracy of consumption at the *premises*, disconnect *you* subject to clause 12.6(g); and
- (g) give *you* at least a 5 *business days'* written notice:
 - (1) advising *you* of the next date or timeframe of a scheduled *meter* reading at the *premises*; and
 - (2) requesting access to the *meter* at the *premises* for the purpose of the scheduled *meter* reading; and
 - (3) advising *you* of our ability to arrange disconnection if *you* fail to provide access to the *meter*; and
- (h) use *our* best endeavours to contact *you*; and
- (i) give *you* an opportunity to offer reasonable alternative access arrangements; and
- (j) if *you* still have not given *us* access, give *you* a *disconnection warning* advising *you* that *we* will disconnect *you* on a day that is at least 5 *business days* from the day *you* are deemed to receive the *disconnection warning*.

Unless:

- (k) *you* have requested *us* to disconnect *your* electricity supply;
- (l) *we* are required to disconnect *your* electricity supply due to an emergency;
- (m) there is a health or safety reason warranting disconnection; or
- (n) electricity has been illegally consumed at the *premises*,

we will not arrange for disconnection:

- (o) if a *vulnerable customer* resides at the *premises*, during the period commencing on the date *we* became aware that a *vulnerable customer* resides at the *premises* and ending on the earlier of 9 months thereafter or the date the *vulnerable customer* ceases residing at the *premises*; and
- (p) if *you* have made a complaint directly related to the reason for disconnection to *us*, the *electricity industry ombudsman* or another external dispute resolution body and that complaint has not been resolved;
- (q) the *premises* is a *life support equipment address*;
- (r) after 3.00 pm Monday to Thursday;
- (s) after 12.00 noon on a Friday; or
- (t) on a Saturday, Sunday, public holiday or on the *business day* before a public holiday except where *we* have arranged for a planned interruption under clause 12.2,

unless

- (u) *you* are a *business customer*; and
- (v) *your* normal trading hours fall within the time frames set out in paragraphs (q), (r) or (s) and do not fall within any other time period; and
- (w) it is not practicable for *us* to arrange for disconnection at any other time.

12.7 Reconnection of electricity supply

If *your* electricity supply is disconnected under clause 12.5, then *we* will reconnect *your* electricity supply when *you* ask *us* to reconnect *your* electricity supply and *we*

are reasonably satisfied that the circumstances giving rise to the disconnection no longer exist.

For example, the circumstance giving rise to the disconnection may no longer exist because *you* provide access to the *premises* and the *meter* at the *premises* and *we* are reasonably satisfied that *you* cannot continue to obtain *your* electricity in the unauthorised way and *you* have paid all amounts owing to *us* under this *contract* (or agreed with *us* an arrangement to pay them).

Before *we* reconnect *your* electricity supply under this clause 12.7, *you* must pay *us*:

- (a) any security deposit required by *us* (in whole or in part), subject to our legal obligations; and
- (b) all reasonable costs *we* incur in disconnecting *your* electricity supply; and
- (c) a fee for reconnecting *your* electricity supply under this clause 12.7 or accept an instalment plan for *our* fee for reconnecting *your* electricity supply under this clause 12.7; and
- (d) for all electricity that *you* used (or which *we* estimate that *you* used) and have not paid for (except to the extent *you* have agreed *our* offer for *you* to repay the debt via an instalment plan or other payment arrangement).

If *we* are obliged to reconnect *your* electricity and *you* ask *us* to reconnect *your* electricity at a time:

- (a) before 3.00pm on a *business day*, then *we* will forward *your* request to *our* networks operations personnel on that day; and
- (b) on or after 3.00pm on a *business day* or on a day that is not a *business day*, then *we* will forward *your* request to our networks operations personnel no later than 3.00pm on the next *business day*.

12.8 Consequences of disconnecting your electricity supply

If *we* disconnect *your* electricity supply at *our* request under clause 12.5, then:

- (a) *we* can remove or physically disconnect the *meter* at the same time that the supply of electricity to *you* is disconnected, or at a later time; and
- (b) *we* can charge *you* a fee for removing or physically disconnecting the *meter* and replacing or physically reconnecting the *meter*; and
- (c) *you* must not reconnect the electricity supply.

12.9 Reporting illegal use

If *we* think *you* or someone at the *premises* have used, or are obtaining, electricity illegally, then *we* can advise the Director of Energy Safety and the Police (as appropriate) and give them any information that *we* have in relation to *your* electricity use.

13 ELECTRICITY SUPPLY

13.1 The nature of the electricity supplied to you

In order to sell electricity to *you* *we* deliver the electricity through *our* electricity network, which includes the acquisition of electricity from the electricity network operated by *Western Power Networks*.

We cannot control the way in which *Western Power Networks* operates its electricity network. For example, *we* cannot control the quality, frequency or continuity of electricity being supplied to *our* electricity network from the *Western Power Networks* electricity network and this may have impacts on the quality of electricity supplied through *our* electricity network.

As a result, despite *us* taking reasonable endeavours to maintain a secure electricity supply to *you*, the electricity supplied to *you*:

- (a) may not be free from interruptions or fluctuations and may fluctuate in quality from time to time;
- (b) will be of the quality of electricity contained in the *Western Power Network* electricity network; and
- (c) may not suit *your* specific needs if, for example, *you* have specific goods or equipment at *your* premises that require a continuous electricity supply free from interruptions or fluctuations in supply or fluctuations in quality.

There are things *you* can do to minimise the impact of these interruptions, fluctuations and other supply limitations so that *you* can protect *your* property and interests.

For example, in the case of an unexpected, prolonged power outage affecting *your* refrigerator/freezer contents, *you* may be reasonably able to minimise *your* loss (depending on the circumstances) by asking a friend/neighbour if *you* can use their refrigerator/freezer (if they are not affected by the outage) or by obtaining bagged ice from *your* local service station or other outlet. If those or similar options would not be reasonably available to *you* in that situation, then *you* should consider if the value of the contents of *your* refrigerator/freezer (such as important medicines or expensive foods, wines or other produce) means they are worth protection by some other, possibly more substantial and reliable means that *you* could reasonably put in place (such as a back-up power supply).

You are best placed to know *your* particular needs and how best to protect them. So, if *you* do have particular needs or specific goods or equipment that require a continuous electricity supply free from interruptions or fluctuations in supply or fluctuations in quality, then *you* should take reasonable care to ensure *you*:

- (d) address *your* particular needs, including making suitable alternative arrangements (for example, a back-up supply or alternative power source);
- (e) protect persons, property, goods and equipment at the *premises* from any loss, harm or damage that arises if the electricity supplied to *you* is not free from interruptions or fluctuations in supply or fluctuations in quality (for example, installing surge protection devices for sensitive equipment); and
- (f) otherwise do what *you* reasonably can to mitigate *your* loss arising from any interruptions or fluctuations in supply or fluctuations in quality.

Further, as electricity is by its nature inherently dangerous (including risks of fire and electrocution) *you* must take care in relation to *your* use and treatment of electricity supplied. *You* must only use electricity with appropriate wiring, fittings, appliances and installations that comply with applicable laws and relevant safety standards (including as regards to their proper installation, use and maintenance) and in accordance with the instructions for safe use provided by the manufacturer or a licensed electrician. For more information on electricity safety please contact Building and Energy – Department of Mines, Industry Regulation and Safety.

14 LIABILITY

14.1 Protected rights

- (a) If *you* are a *Consumer*, *we* may be taken to have given *you* certain consumer guarantees under the *Australian Consumer Law* about the supply of goods (including electricity) or services (if any) to *you*. If *we* fail to comply with those consumer guarantees, then *you* may have rights against *us* under the *Australian Consumer Law* that *we* are prohibited by law from excluding, restricting or modifying.

However, where any electricity or other goods or services (if any) supplied under this

contract are not of a kind ordinarily acquired for personal, domestic or household use or consumption, *our* liability for breach of any consumer guarantee applicable to *our* supply of those goods or, if applicable, services under the *Australian Consumer Law*, is (to the extent permitted by the *Australian Consumer Law*) limited to any one or more of the following, as determined by *us*:

- (i) the supply of equivalent goods or, as applicable, the supply of the services again;
 - (ii) the payment of the cost of acquiring equivalent goods or, as applicable, of having the services supplied again.
- (b) Nothing in this *contract* is to be taken to exclude, restrict or modify *Your Protected Rights* if and to the extent that *we* are prohibited by law from excluding, restricting or modifying them. This applies whether or not *you* are a *Consumer*.
- (c) This clause 14.1 takes precedence over every other provision of this *contract* and applies despite any other provision of this *contract* to the contrary. If another provision of this *contract* has (or, but for this clause 14.1(c), would have) an effect that is inconsistent and conflicts with clause 14.1, then this clause 14.1 overrides that other provision and that other provision will not apply where and to the extent it is inconsistent and conflicts with clause 14.1.

14.2 Other liability limitations

(a) **Protected rights have priority**

Your Protected Rights are not excluded, restricted or modified by this clause 14.2, if and to the extent that such an exclusion, restriction or modification is prohibited by law.

(b) **All customers – general exclusion of implied warranties etc.**

Unless this *contract* expressly provides otherwise, all conditions, warranties and guarantees *you* may have at any time in relation to this *contract* (including without limitation any rights of recovery or to compensation) however arising, are, to the maximum extent permitted by law, excluded. However, please note clause 14.2(a) which relates to *Your Protected Rights*.

(c) **All customers - general exclusion of our Supply Related Liability**

We supply electricity and operate *our* electricity network, but *we* do not own or operate the *Western Power Networks* electricity network. The quality, security and reliability of supply on *our* electricity network is substantially affected by the quality, security and reliability of supply on the *Western Power Networks* electricity network. Unless otherwise expressly provided in this *contract* (such as, in clause 14.2(e)), in no event are *we* liable to *you* for any *Supply Related Liability*. However, please note clause 14.2(a) which relates to *Your Protected Rights*.

You may also be eligible for a service standard payment from *us* in certain circumstances under the Electricity Industry (Network Quality and Reliability of Supply) Code 2005 or the *code of conduct*. *You* can obtain more information about this payment by contacting *us*.

(d) **All customers – our statutory liability limitations still apply**

To the extent *we* are liable to *you* for any loss or damage under this *contract*, that liability is limited to the fullest extent permitted under law, as if *we* were an “energy operator” under the *Energy Operators (Powers) Act 1979* (WA). However, please note clause 14.2(a) which relates to *Your Protected Rights*.

(e) **Residential customers – additional limitations of our liability**

If *you* are a *residential customer* or *you* are a person who consumes 50MWh of

electricity per annum across all supply addresses in Western Australia, then to the fullest extent permitted by law we will not be liable to *you* for any loss, damage or liability (including any *excluded loss* and any *Supply Related Liability*) arising for any

reason under or in relation to this *contract*. However, that limitation does not apply to any *direct loss (including any direct loss that is Supply Related Liability)* you suffer or incur to the extent it is caused by *our* negligence. In no event are *we* liable to *you* for any *excluded loss*. However, please note clause 14.2(a) which relates to *Your Protected Rights*.

(f) **Non- residential – additional limitations of *our* liability**

If *you* are a person who consumes 50MWh of electricity per annum across all supply addresses in Western Australia and not a *residential customer*, then to the fullest extent permitted by law *we* will not be liable to *you* for any loss, damage or liability (including any *excluded loss* and any *Supply Related Liability*) arising for any reason under or in relation to this *contract*. However, that limitation does not apply to any *direct loss (other than any direct loss that is Supply Related Liability)* you suffer or incur to the extent it is caused by *our* negligence. In no event are *we* liable to *you* for any *excluded loss*. However, please note clause 14.2(a) which relates to *Your Protected Rights*.

(g) **All customers - *our* liability limitations are cumulative**

Each of the limitations of *our* liability in this clause 14.2 applies in addition to each and every other relevant limitation of *our* liability, whether provided in this *contract*, at law or otherwise.

14.3 Indemnity

(a) **Protected rights have priority**

Your Protected Rights are not excluded, restricted or modified by this clause 14.3, if and to the extent that such an exclusion, restriction or modification is prohibited by law.

(b) **Indemnity**

You must indemnify *us* fully against all and any loss, damage or liability of any kind caused by, consequent upon, or arising out of any acts or omissions on *your* part in relation to:

- (i) *your* breach of any term of this *contract*;
- (ii) *your* breach of any applicable laws; or
- (iii) *your* negligence, fraud, theft or other wrongful act or omission,

but only to the extent that such loss or damage was reasonably foreseeable as a possible consequence of *your* breach, negligence, fraud, theft or other wrongful act or omission, and that doing so would not be inconsistent and conflict with clause 14.1.

This indemnity is without prejudice to any other right or remedy *we* have and survives termination of this *contract*.

14.4 Land Developer liability

You acknowledge and agree that Lonnegal Property Pty Ltd has no liability to *you* for any loss, damage or liability (including *excluded loss* and *Supply Related Liability*) arising out of or in relation to:

- (i) this *contract*, including any breach of this *contract* or breach of any representation or warranty given by a person in connection with this *contract*;
- (ii) *our* electricity network or any generation or battery storage equipment operated by *us* that is electrically connected to *our* electricity network;
- (iii) any act or omission of *us* or any of our *permitted persons*;
- (iv) the installation, maintenance, operation, performance, non-performance or removal

- of any generating plant owned or operated by *us* or any of our *permitted persons*;
- (v) the injury, death or illness of any person sustained when on, using, entering or near the *premises*, any area on which *our* electricity network or generating plant is located; and
 - (vi) any work carried out by or on behalf of *us* or our *permitted persons*.

You and *we* each acknowledge and agree that this clause 14.4 is for the benefit of and is enforceable against *you* by Lonnegal Property Pty Ltd in accordance with section 11 of the *Property Law Act 1969* (WA).

14.5 Indemnity in relation to Lonnegal Property Pty Ltd claims

You indemnify *us* and agree to keep indemnified *us* and our *permitted persons* from and against all loss, damage or liability (including any *excluded loss* and any *Supply Related Liability*) that is incurred, suffered or accrued, or claims brought or made against *us* or our *permitted persons* by Lonnegal Property Pty Ltd, which arises out of or in relation to any claim brought by *you*, or any of your *permitted persons*.

14.6 Legitimate interests

You agree that the terms of this clause 14 (including those that exclude, restrict or modify *our* liability) are reasonably necessary to protect *our* legitimate interests, including in the circumstances and for the reasons outlined in clause 13 and by appropriating risks so as to help minimise *our* charges for electricity for all *our* customers.

15 CONFIDENTIALITY OF YOUR INFORMATION

- (a) Unless *we* are permitted to do otherwise under this *contract*, *we* will use and otherwise deal with *your* information and keep it confidential, subject to and consistent with *our privacy policy*. In particular, but without limiting the above, *we* will keep *your* information confidential unless:
 - (i) *we* have *your* prior written consent; or
 - (ii) the law (including applicable privacy laws and any regulatory, accounting, governmental, Ministerial or stock exchange requirement) requires or permits *us* to disclose it; or
 - (iii) *we* need to use the information for our regulatory reporting or compliance, or in any legal or regulatory proceedings; or
 - (iv) the information is already in the public domain; or
 - (v) *we* believe *you* have obtained or used electricity illegally or in an unsafe manner and, as a result, *we* provide relevant information to the Economic Regulation Authority or the Director of Energy Safety or the Police (as appropriate); or
 - (vi) *we* use the information for business purposes, provided that *we* will only do so subject to applicable laws and, if *you* are an individual purchasing electricity for a *private purpose*, then *we* will only do so to the extent such use:
 - (A) does not cause a significant imbalance of the parties' rights and obligations arising under this *contract*; or
 - (B) is reasonably necessary in order to protect *our* legitimate interests from time to time; or
 - (C) does not cause *you* detriment (whether financial or otherwise); or
 - (D) is otherwise permitted under any of paragraphs (i) to (v) of this clause (both inclusive).
- (b) *We* will ensure *our privacy policy* is consistent with applicable privacy laws. A copy of

our privacy policy is available on *our* website (TBA).
