Mid-West and South-West Gas Distribution Systems access arrangement 2025-29

Publication of ATCO additional supporting information

The ERA has published [additional supporting information](#) relating to ATCO's proposal for the sixth access arrangement period. This information includes four previously confidential models and one document which has less information redacted.

The additional supporting information relates to section 3 of [ATCO's Access Arrangement Information \(2025-29 Plan\)](#), The Future Role of Gas. The four additional excel models explore four possible future scenarios for the WA electricity and gas sectors as set out in ATCO's proposal. The remaining document published is a revised public version of ATCO's Renewable Gas Delivery Strategy, with less information redacted.

Interested parties can review ATCO's proposal, including access arrangement information and other supporting documentation on the [ERA website](#).

On 24 October 2023, the ERA published an issues paper to assist interested parties in preparing submissions. Interested parties have until 4:00pm (WST) on Monday, 27 November 2023 to make their submissions. Submission should be lodged online at: www.erawa.com.au/consultation
