Portfolio Identification and Material Portfolios

Determination

The ERA has completed its [portfolio assessment](#) and market power test under the new market power mitigation framework. This is the ERA's first determination under Wholesale Electricity Market (WEM) Rules 2.16B.1 and 2.16C.1.

The determination includes:

- each identified Portfolio operating in the Wholesale Electricity Market
- results of the market power test and identified material portfolios.

Results of the market power test identified two material portfolios. The facilities included in these material portfolios are included in the determination. Market participants with registered facilities in material portfolios have been notified (WEM Rule 2.16C.1(c)).
