Surrender of electricity integrated regional licence ERIL1

EDL NGD (WA) Pty Ltd has notified the Economic Regulation Authority of its intention to surrender its electricity integrated regional licence EIRL1.

EDL is surrendering its licence because the generation capacity of its Broome Power Station is less than 100 MW. Under clause 3 of the *Electricity Industry Exemption Order 2005*, a person is exempt from requiring a licence for generating works that have a capacity of not more than 100 MW at the connection point.¹

The surrender of the licence will take effect when the ERA publishes a notice of the surrender in the Western Australian Government Gazette. The ERA will do this as soon as practicable.
