Energy Offer Price Ceiling

Final determination

The ERA has published our final determination for the [Energy Offer Price Ceiling](#) in the Wholesale Electricity Market's (WEM) Real-Time Market.

The ERA has determined an Energy Offer Price Ceiling of \$1,000/MWh, based on the WEM Rules enacted on 20 November 2024.

The new Energy Offer Price Ceiling will commence on 1 January 2025 and is subject to review within three years.

The ERA has determined that the Energy Offer Price Ceiling will be indexed to include changes in the price of distillate fuel (monthly indexation), changes in consumer price index (quarterly indexation) and changes in loss factor (annual indexation).
