Arc Infrastructure

Statement of the depreciated optimised replacement cost and statement of the depreciation schedule – additional supporting information and extension of time for submissions

Arc Infrastructure has submitted its statement of the [depreciated optimised replacement cost](#) of applicable railway infrastructure and [depreciation schedule](#) to the Economic Regulation Authority for approval in accordance with sections 47J and 47K of the *Railways (Access) Code 2000*. The ERA published a notice inviting submissions on 16 June 2025.

The ERA has requested additional information to supplement Arc's statement of the depreciated optimised replacement cost. Arc's responses to the requests have been published on the ERA website. Arc has not responded to all requests. Responses to these requests will be published on the ERA website when they are received.

To allow stakeholders adequate time to consider additional material, the ERA has extended the deadline for submissions on both the statement of the depreciated optimised replacement cost and statement of the depreciation schedule by 20 business days.

Invitation for submissions

The ERA invites interested parties to make submissions on Arc Infrastructure's statement of the depreciated optimised replacement cost, depreciation schedule and supporting material.

Submissions close 4:00pm (WST) Monday, 11 August 2025.

Submissions can be lodged online using the form on our [Current Consultation webpage](#).
