URBAN WATER AND WASTE WATER PRICING  
ECONOMIC REGULATION AUTHORITY  
LEVEL 6 GOVERNOR SIRMING  
19<sup>th</sup> ST GEORGES ICE  
PERTH 6000

DEAR SIRS

I AM A DIRECTOR OF A COMPANY KNOWN  
AS PRIMARIES OF WA, WHICH OPERATES IN  
WELHARD ST, SPEARWOOD  
THE COMPANIES WAREHOUSES ARE COVERED BY  
16 ACRES OF ALUMINIUM ROOF CLADDING,  
WHICH IS A BIGGER CATCHMENT AREA THAN  
THAT SERVICING THE ROBINSON ISLAND  
SETTLEMENT,

IN SPEARWOOD, OSBORNE PK, MADDINGTON,  
CANNINGVALE, KENDALE ETC, ARE A MIRIAD  
OF SIMILAR FACILITIES

I HAVE NO DOUBT, THAT IF APPROACHED IN  
THE RIGHT WAY, THE OWNERS OF BUILDINGS  
LIKE OURS, WOULD BE RECEPTIVE (FOR SOME  
CONSIDERATION IN RATING) TO THE CONCEPT OF  
FITTING FILTERS TO THE DOWN PIPES IN  
ORDER TO VENTURE ANY WATER CATCHMENT  
INTO THE MAINS.

IT SEEMS TO ME TO BE A HUGE  
UNUSED RESOURCE ACCESSABLE TO  
GOVERNMENT AT LITTLE OR NO COST.

FURTHER, THERE HAS BEEN FOR YEARS  
TALK OF PIPING WATER FROM THE ORD.  
— A DISTANCE IN EXCESS OF 3000 KM.

LEONORA I UNDERSTAND SITS OVER THE  
BIGGEST ARTESIAN BASIN IN THE WORLD AND  
IS 300KM FROM THE PIPE HEAD AT KALGOORNE,  
WE DO NOT PERHAPS NEED MORE DAMS OR  
A 3000 KM PIPELINE TO SOLVE A WATER  
PROBLEM

ON PHONING THE WATER AUTHORITY WITH  
THESE THOUGHTS I WAS INFORMED THAT FAR  
BETTER MINDS THAN MINE WERE ADDRESSING  
THE SITUATION, & I COULD LEAVE THEM  
TO IT.

THEY MAY BE RIGHT — FOR WHAT IS  
IS WORTH, YOU ASKED FOR INPUT IN THE  
PAPER

YOURS

SIMON JOEL
