

NOTICE

Revised Access Arrangement for the Dampier to Bunbury Natural Gas Pipeline

Inclusion of a Speculative Investment Fund

The Economic Regulation Authority today approved revisions to the Revised Access Arrangement for the Dampier to Bunbury Natural Gas Pipeline (DBNGP). These revisions come into effect on 6 December 2006.

On 7 November 2006, DBP submitted proposed revisions to the Revised Access Arrangement for the Dampier to Bunbury Natural Gas Pipeline for approval under *The National Third Party Access Code for Natural Gas Pipeline Systems* (Code). DBP's proposed revisions to the Revised Access Arrangement are limited to the creation of a Speculative Investment Fund, minor consequential amendments and the correction of minor errors in the Revised Access Arrangement.

The Code allows for an access arrangement to include provision for use of a Speculative Investment Fund under Section 8.19. The Revised Access Arrangement for the DBNGP did not previously contain such a provision.

Copies of [DBP's application](#), the [Authority's Decision](#) and an updated version of the [Revised Access Arrangement](#) are available from the Authority's web site www.era.wa.gov.au. A [marked up version](#) of the Revised Access Arrangement showing the changes being made as a result of the 7 November 2006 revisions has also been placed on the Authority's web site.
