Subject: OFFGAR Draft Decision on the DBNGP Pipeline

Office of Gas Access Regulation
GPO Box 8469
Perth Business Centre WA 6849

ATT: Robert Pullella

Dear Robert

MasterCraft Engineering is a supplier of Goods and Services to Epic Energy and supports their position on the DBNGP.

In our opinion, the OffGAR draft decision on the DBNGP, will have commercial implication's, loss of investment, employment and revenue to Epic Energy and our State.

Please review your draft decision, so there is a clear and fair way for future development in the the Gas Transmission sector.

Regards

Gary Flader
MANAGING DIRECTOR
MASTERCRAFT ENGINEERING
