PARMELIA PIPELINE ACCESS ARRANGEMENT EXTENSION OF TIME

This is to advise that I have granted a further extension of time to finalise the proposed Access Arrangement for the Parmelia Pipeline (Licence Number WA: PL 1-3, 5 and 23). This extension of time is granted until 7 September 2000, pursuant to section 2.22 of the *National Gas Pipelines Access Code for Natural Gas Pipeline Systems* (the Code).

CMS Gas Transmission of Australia ARBN 078 902 397 (CMS) submitted its proposed Access Arrangement for the Parmelia Pipeline for approval under the Code on 7 May 1999.

The proposed Access Arrangement describes the terms and conditions under which CMS will provide access to the Parmelia Pipeline to third party users of that pipeline.

On 27 October 1999, I issued a Draft Decision for the Parmelia Pipeline and sought public submissions. A Final Decision on the proposed Access Arrangement for this pipeline is currently being completed.

The Office of Gas Access Regulation web site has been updated recently to make it easier for Interested Parties to navigate their way around the site. Any comments would be appreciated.

Please direct any inquiries to Mr Mike Jansen (08) 9213 1925.
