

## NOTICE

Our Ref: 1044/99

### **PARMELIA PIPELINE RING FENCING ARRANGEMENTS EXTENSION OF TIME**

This is to advise that I have granted an extension of time for CMS Gas Transmission (CMS) to comply with the requirements of sections 4.1(a), (b), (h) and (i) of the *National Gas Pipelines Access Code for Natural Gas Pipeline Systems* (the Code). These sections relate to the legal entity status of CMS as the Service Provider of the Parmelia Pipeline (Licence Numbers WA: PL 1-3, 5 and 23) and other ring fencing requirements for which CMS has applied for a waiver.

This extension of time has been granted pursuant to section 7.19 of the Code and applies from 31 March 2000 until 31 October 2000.

The purpose of this extension of time is to allow sufficient time for:

- the implementation of a proposed change to the Code, currently under consideration, that would allow foreign corporations registered with the Australian Securities and Investment Commission to comply with the requirements of section 4.1(a) of the Code; and
- the application to me for a waiver of ring fencing obligations 4.1(b), (h) and (i), currently in the process of public consultation as advised in a separate notice issued by me today.

Inquiries may be directed to Mr Mike Jansen +61 8 9213 1925 or [Mike\\_Jansen@offgar.wa.gov.au](mailto:Mike_Jansen@offgar.wa.gov.au).

**KEN MICHAEL  
GAS ACCESS REGULATOR**
