NOTICE

EXTENSION OF TIME

The *National Third Party Access Code for Natural Gas Pipeline Systems* (Code) makes provision for the assessment period of a proposed Access Arrangement for a pipeline to be increased by periods of up to two months on one or more occasions.

The Amended Draft Decision for the proposed Access Arrangement for the Goldfields Gas Pipeline (GGP) was issued by the Authority on 29 July 2004 and the Final Decision is expected to be issued before the end of the year. Hence, there is a need for the assessment period for this pipeline to be increased by a further two months.

Accordingly, this is to advise that the Authority has extended the assessment period for the GGP (licence number WA: PL 24) by a further two months to 15 October 2004. This extension is granted pursuant to section 2.22 of the Code.

Please note that further extensions to the above time period may be granted under the Code if necessary.

For further information please contact Mr Robert Pullella on telephone number +61 8 9213 1900.
