### **Overview of the Seminar**

The purpose of the seminar is to inform interested parties how the Western Power Electricity Access Arrangement will operate for the next two years before its review.

The seminar will inform interested parties about the arrangement and explain its practical application and effects. This will consist of presentations from Western Power and the Economic Regulation Authority. The Economic Regulation Authority and Western Power will also provide an overview of the Technical Rules.

There will be a break for afternoon tea and an allocated time for questions.
