

NOTICE

Small Suppliers - Sewerage, Irrigation and Water Statistics 2006/07

The Economic Regulation Authority has published the annual performance information provided by small suppliers of sewerage, irrigation and water services on its [web site](#).

The Small Suppliers - Sewerage, Irrigation and Water Statistics (which includes explanatory notes) is for 2006/07.

Under the *Water Services Licensing Act 1995*, the Authority is required to monitor the performance of the water services industry, including water service providers. The performance information - which small suppliers of sewerage, irrigation and water services must provide to the Authority annually as part of their licence conditions - is then used to collate these statistical tables.

The Sewerage and Water statistics have been grouped into headings of:

- Water Resources;
- Asset Data;
- Customers; and
- Environment.

The Irrigation Statistics have been grouped into headings of:

- Characteristics (Accounts, Services and Volume); and
- Customer Service (Availability; Complaints and Delivery).
