Inquiry on Developer Contributions to the Water Corporation
Economic Regulation Authority
PO Box 8469
Perth Business Centre
PERTH WA 6849

Dear Sir / Madam

Thank you for the opportunity to provide feedback on the recommendations by the Economic Regulation Authority (ERA) following the Inquiry into the Water Corporation's Developer Contributions.

The Shire of Busselton acknowledges and supports the general principles identified by the Authority.

We do however request that the ERA also give consideration for the use of 'water re-use' technology and the potential for this to reduce capacity of supply in determination of contributions.

If you have any other queries please feel free to contact me on 9781 0474.

Yours sincerely

NIGEL BANCROFT
