### Publication of the Economic Regulation Authority's Strategic Plan 2008-10

The Economic Regulation Authority (**Authority**) today published its Strategic Plan 2008-10. The strategic plan is available on the Authority's [web site](#).

The new strategic plan provides an operational framework to guide the Authority's direction for the next three financial years from 1 July 2008.

It lays out the strategic goals and objectives that the Authority aims to achieve and details the specific initiatives the Authority will undertake to ensure that its goals and objectives are met.

The Authority's strategic plan will be reviewed regularly, and if necessary, revised over the planning period to ensure it remains relevant.

A major review of the strategic plan is to be undertaken every three years to reassess the Authority's strategic direction, goals and supporting strategies.
