

NOTICE

Time Extended for Submissions on Proposed Revisions to Western Power's Access Arrangement

The Economic Regulation Authority has extended the time for public submissions on Western Power's proposed revisions to its access arrangement for the South West Interconnected Network, to 3 December 2008.

The extension was made in response to requests from interested parties for more time, which the Authority accepted was necessary for proper consideration of all matters, and it is also satisfied that it has taken all reasonable steps to fully utilise the times and processes available within Chapter 4 of the *Electricity Networks Access Code 2004*. The extension has been granted pursuant to the requirements of sections 4.66(d) and 4.64 of the Access Code.

The requests for more time were made after the Authority first published Western Power's proposed access arrangement revisions on 8 October with an accompanying [notice](#) inviting public submissions, which were to be lodged by Wednesday, 19 November 2008.

Interested parties are therefore advised that the revised deadline for submissions on Western Power's proposed access arrangement revisions is **4:00 pm (WDST) Wednesday, 3 December 2008**.
