

NOTICE

Review of code standards for Regional Power Corporation (Horizon Power) under the *Electricity Industry Act 2004*

RECOMMENDATION REPORT PRESENTED TO THE MINISTER FOR ENERGY

The Economic Regulation Authority has presented the Minister for Energy with the Recommendation Report from its review of the code standards applying to Regional Power Corporation (Horizon Power).

The report makes 27 recommendations on the power quality and reliability of supply standards applying to Horizon Power under the *Electricity Industry (Network Quality & Reliability) Code 2005*, as well as related matters.

The review considered whether the standards applying to Horizon Power under the Code were appropriate when assessed against the service standards contained in Western Power's Access Arrangement for the South West Interconnected System.

The review was undertaken in accordance with section 39A of the *Electricity Industry Act 2004*.

In preparing the report, the Authority published a discussion paper to give the public an opportunity to comment on relevant matters. Two public submissions were received.

The Recommendation Report can be downloaded from the Authority's [web site](#) while printed copies can be obtained from the Authority for \$25.00 per set.
