NOTICE

Deadline for Draft Decision on Western Power's Proposed Access Arrangement Revisions

UPDATE ON SUSPENSION

The Economic Regulation Authority advises that the deadline for publishing its draft decision on Western Power's proposed access arrangement revisions for the South West Interconnected Network remains suspended.

On 6 February, the Authority published a [notice](#) suspending the deadline for issuing its draft decision. The suspension was the result of an Authority request, issued under section 51 of the *Economic Regulation Authority Act 2003*, for Western Power to provide specified information and/or documents to help it assess the utility's proposed access arrangement revisions. The Authority had asked Western Power to provide the information and/or documents requested by 9 March 2009.

The Authority is still awaiting the requested material from Western Power and, therefore, the deadline for publishing the draft decision remains suspended under section 4.68(b) of the *Electricity Networks Access Code 2004*.

The Authority will publish a further notice when it restarts the deadline.
