Inquiry into Water Resource Management Charges
Economic Regulation Authority
Email: watercharges@era.wa.gov.au

By email

To whom it may concern,

Rewards Group Ltd (**Rewards**) operates 250 hectares of vineyards in the Pemberton region of Western Australia.

Rewards is a self supply water user in Pemberton, having constructed dams on our vineyards to capture and store water at our own expense.

Rewards does not support any inquiry into water management charges before the Water Resource Management Bill is made public, debated, or enacted by State Parliament.

Furthermore, Rewards strongly supports the view put forward by Neil Bartholomaeus of the Manjimup and Pemberton Landowners Group.

Regards,

REWARDS GROUP LIMITED
Stewart Sampson
