Operational Audit and Asset Management System Review Report for the Rottnest Island Authority

The Economic Regulation Authority today published the 2009 Operational Audit and Asset Management System Review Report (2009 report) for the Rottnest Island Authority's water services operating licence.

The Authority had previously served a notice on the Rottnest Island Authority under s39 of the *Water Services Licensing Act 1995* in response to the 2008 Operational Audit and Asset Management System Review Report. At the same time the Authority reduced the audit and review period from 24 months to 12 months.

Following consideration of the 2009 report, the Authority notes there has been a significant improvement in performance by the Rottnest Island Authority. The Authority has also decided to extend the period of time until the next audit and review from 12 months to 24 months.

A copy of the report is available from the Authority's [web site](#).
