The Economic Regulation Authority today released an [issues paper](#) on the proposed revised access arrangement for the Mid-West and South West Gas Distribution Systems. The proposed revisions were submitted by WA Gas Networks Pty Ltd (WAGN) on 29 January 2010.

The issues paper is to help interested parties make submissions on the proposed revised access arrangement by identifying several key areas where WAGN has proposed changes which may be materially significant to shippers and others. The issues paper is not an exhaustive review of the proposed revised access arrangement or the matters the Authority will address in making its determination.

The proposed revised access arrangement, access arrangement information and supporting information were published on the Authority's [web site](#) on 15 February 2010, when the Authority invited public submissions.

Submissions, which the Authority will consider when making its draft decision, should be lodged by 12 April 2010 as previously advised in the Authority's Notice of 15 February 2010.
