

re increases in utilities accounts

I am writing to you to ask you PLEASE PLEASE do not bring in any increases to my gas bill I am battling to pay it now and yours will only be one of many which have or will be increased. I am not in a position to find any more money for these bills and I am begging you to please RECONSIDER your decision to make the 60 per cent increase

There is a limit to what people can afford and the purse strings are at their tightest PLEASE RECONSIDER

Thanking you in anticipation
