Mr Paul Kelly  
Executive Director, Licensing, Monitoring and Customer protection  
Economic Regulation Authority  
PO Box 8469  
Perth BC WA 6849

Dear Paul,

#### **AMENDMENTS TO LICENCE EIRL 2**

Horizon Power requests that licence EIRL 2 be amended to record licence boundary changes, as follows.

(1) Yungngora Community - This is the next community to be supplied as part of the Aboriginal and Remote Communities Power Supply Project (ARCPSP). The community is located on the Noonkanbah Station on the banks of the Fitzroy River between Camballin and Fitzroy Crossing. The reason a licence amendment is applied for as each community or group of communities receives approval, is because funding comes in stages and is not made available until that part of the project has received approval. Yungngora has now received this approval and is expected to be completed by mid 2011.

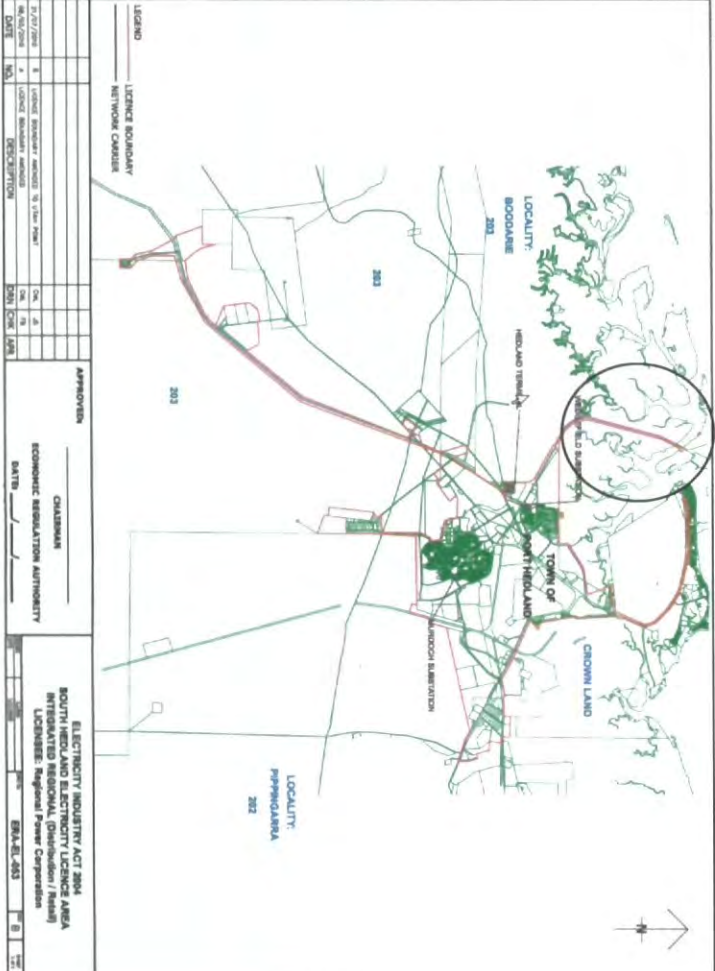

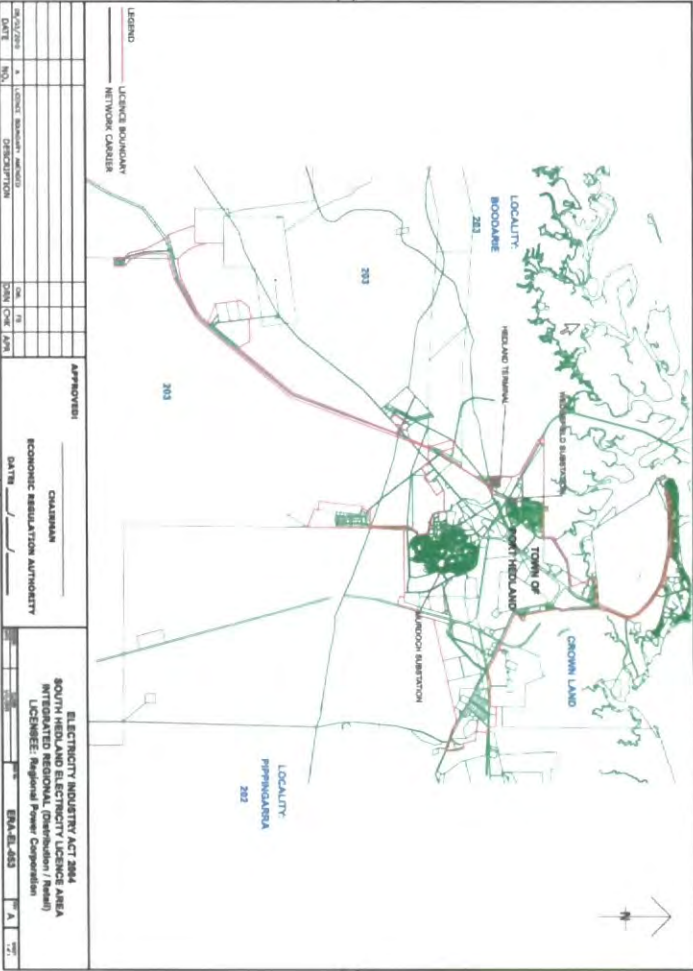

(2) South Hedland - The Port Hedland Port Authority currently owns an asset at Utah Point which Horizon Power will take possession of towards the end of 2010. The Utah Point asset comprises 2 x 22 kV lines running from the Port Hedland Port Authority switch room, connecting at Horizon Power's Wedgefield Drive substation.

Maps outlining the amendments sought are included with this application.

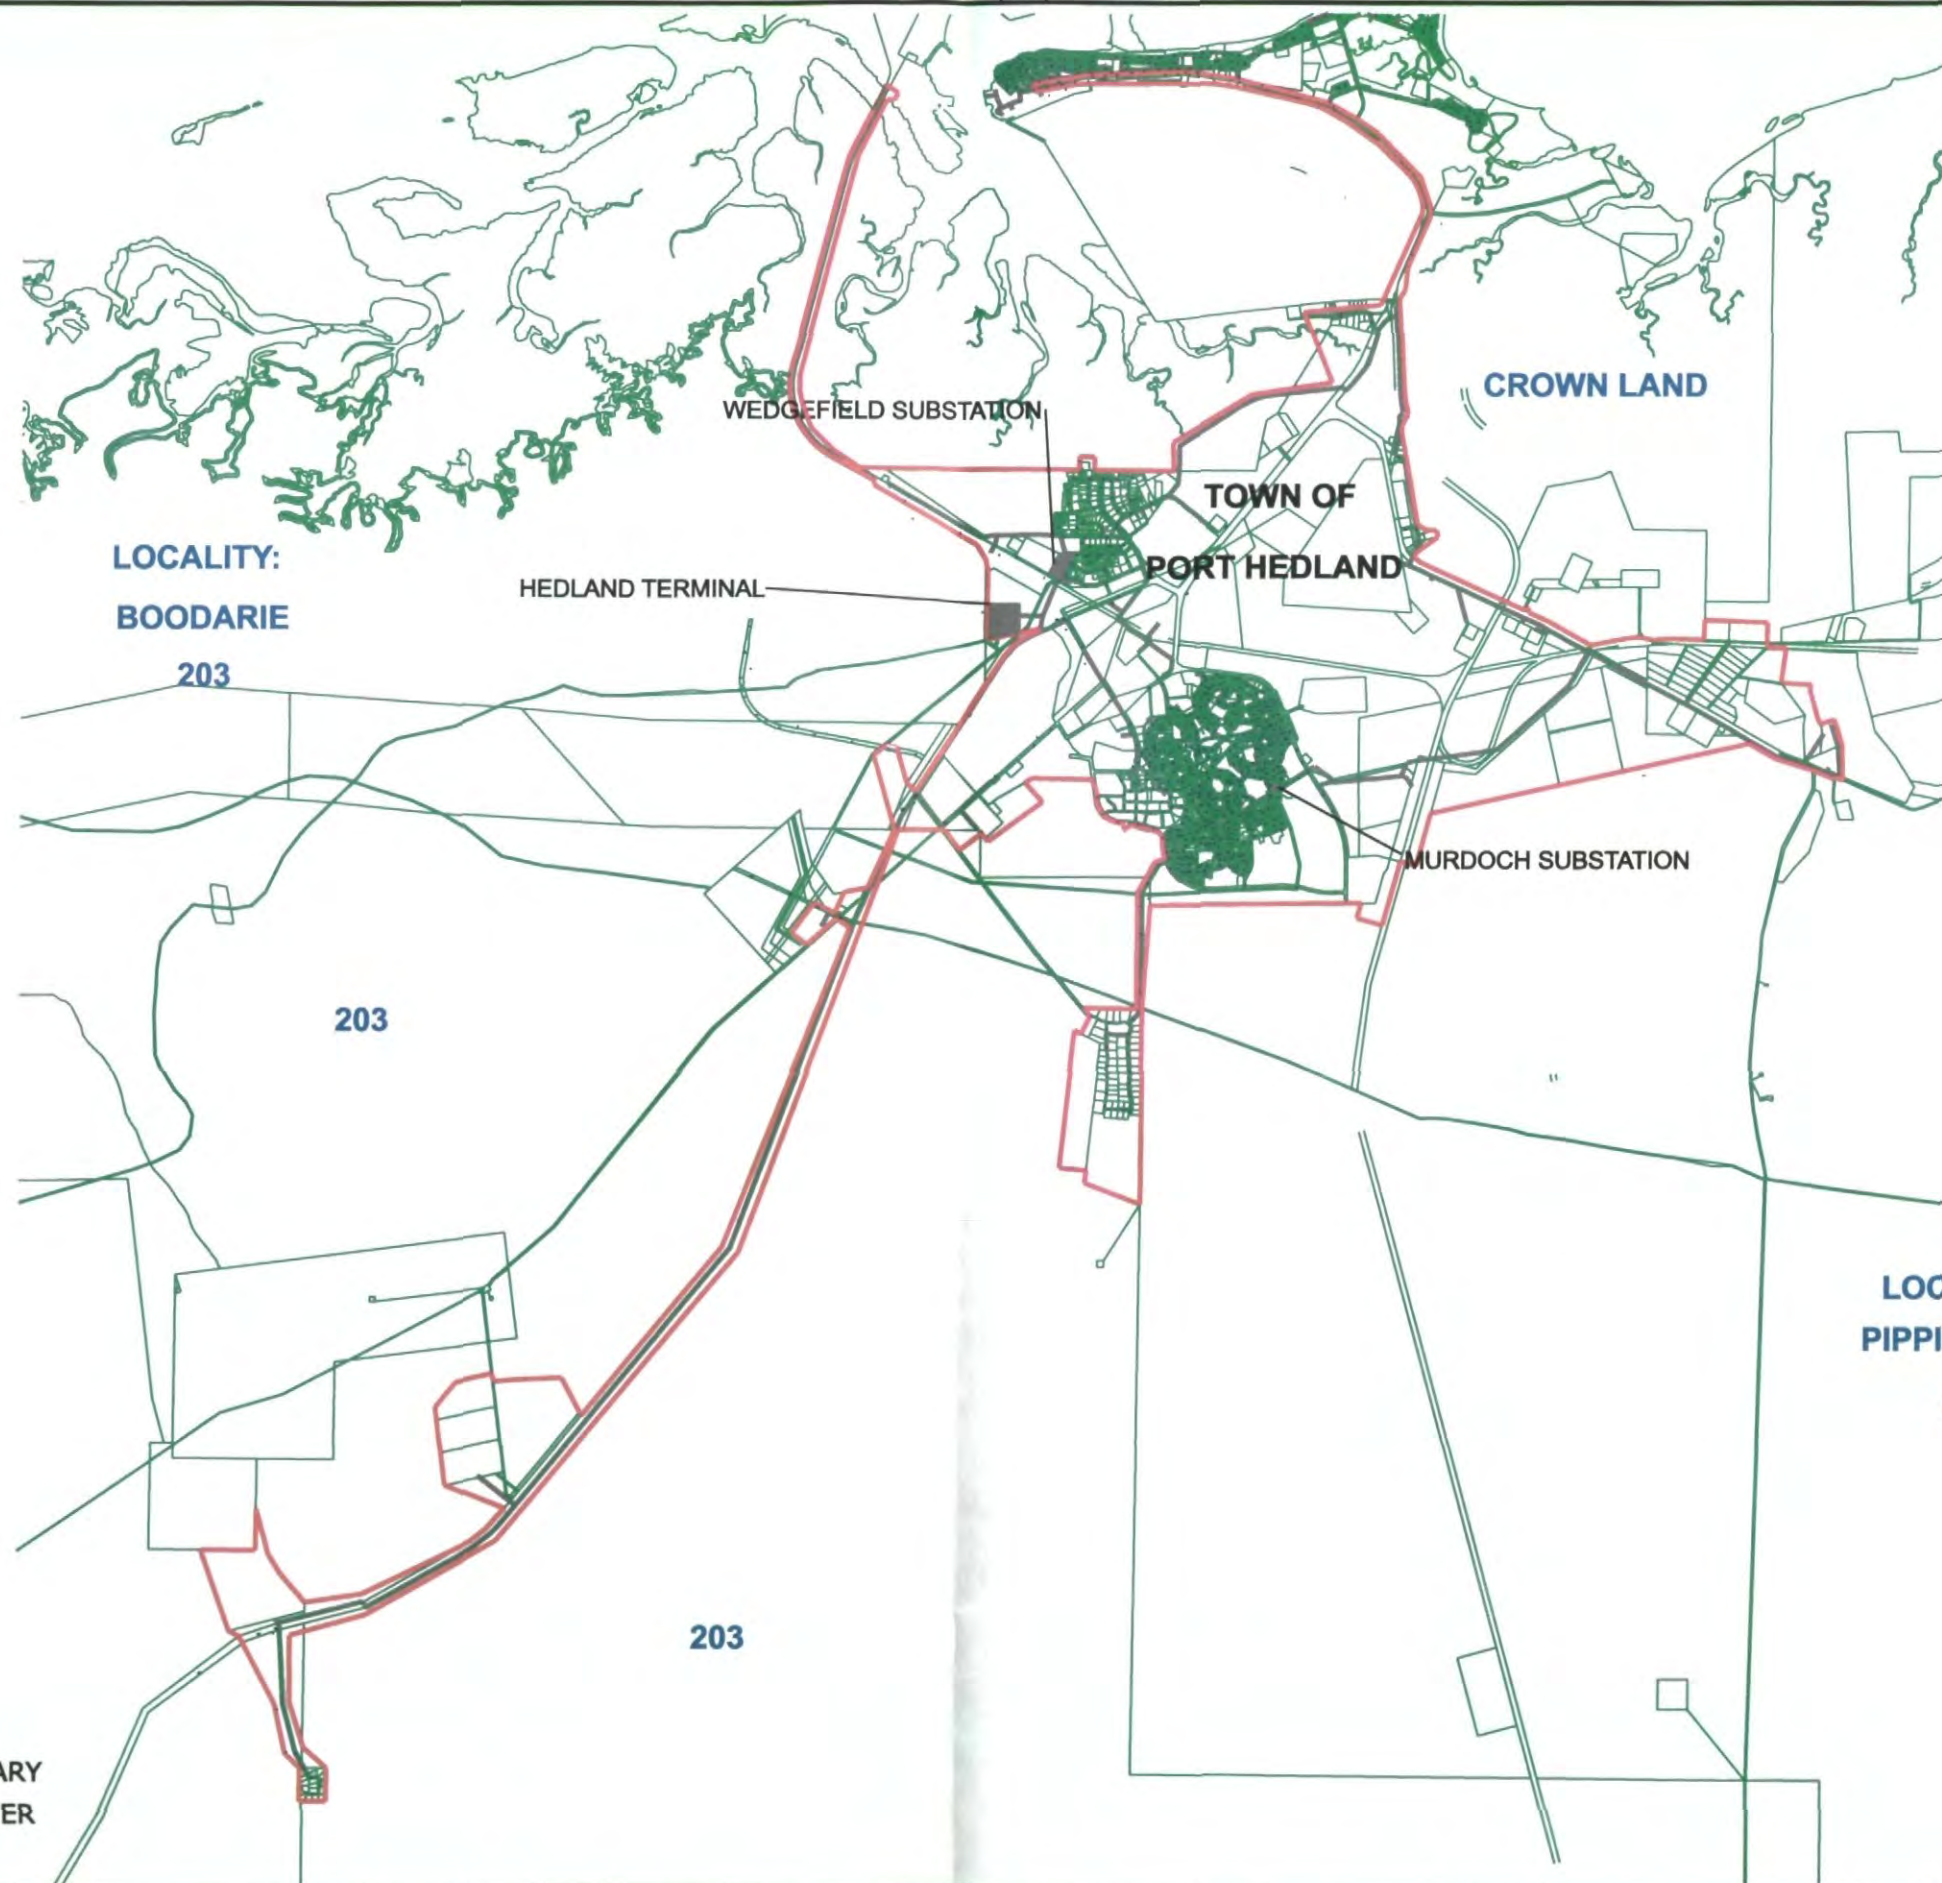

Should you require any further information, please contact Mr Frank Buttigieg (08) 6310 1939.

Yours faithfully

**ALANA DAVIES**  
**MANAGER**  
**GOVERNANCE AND COMPLIANCE**
