## Dampier to Bunbury Natural Gas Pipeline Access Arrangement

### Corrigenda to Draft Decision

The Economic Regulation Authority today published a corrected version of the draft decision on proposed revisions to the access arrangement for the Dampier to Bunbury Natural Gas Pipeline (DBNGP) issued on 14 March 2011.

The corrected version of the draft decision incorporates the correction as detailed in the corrigenda below. The corrections are of a typographical nature and do not materially alter the Authority's draft decision.

The Authority has accordingly issued the following corrigenda to the draft decision:

- Paragraph 958, Table 77 for the T1 reference service: Replace the values for "Capacity (TJ/d)", "Throughput (TJ/d)" and "Average load factor" for 2012, 2013, 2014 and 2015 with values shown in the "Summary of the Demand forecasts applied by the Authority in determining the Reference Tariffs" (Draft Decision, Appendix 5, page 107).

The corrected Table 77 is attached to this notice.

A copy of the corrected draft decision is available on the Authority's [website](#).
