PricewaterhouseCoopers Draft Report – Review of Floor and Ceiling Costs Proposal of The Pilbara Infrastructure

The Economic Regulation Authority has today made available on its website the [PricewaterhouseCoopers draft report](#) (PwC report) to the Authority on floor and ceiling costs proposed by The Pilbara Infrastructure Pty Ltd (TPI).

On 14 April 2011, the Authority suspended its review of floor and ceiling costs proposed by TPI in July 2010. The PwC report was provided to the Authority in February 2011, prior to the Authority's decision to suspend the review. The Authority will not be publishing a determination in relation to the TPI proposal.

The PwC report is published in order to provide independent feedback to parties which made submissions to the Authority on TPI's proposed floor and ceiling costs and to TPI, as the party which submitted the proposal.

The PwC report does not reflect the views of the Authority and does not incorporate any outcomes which are binding on TPI.

The PwC report is a public (non-confidential) version of the draft report and excludes all commercial-in-confidence information provided by TPI in support of its proposal.

The PwC report is available on the Authority's website www.erawa.com.au.
