Subject: re Shenton Park substation

**Ref. 3.4 CONSULTATION UNDERTAKEN BY WESTERN POWER
(Shenton Park sub-station)**

I wish to state that the local community was NOT CONSULTED to the fullest extent concerning the 'significant changes planned for the Shenton Park sub-station.'

The very few members who attended your 'exclusive' meetings and who expressed alternative suggestions, were not listened to and their points were not acknowledged.

So, as a resident who has lived in Daglish for over 32 years, I wish to state that a more extensive consultation with the residents is required urgently before any changes are made to this sub-station.

The area concerned is surrounded by families with children and is already hemmed in by busy roads and non-residential buildings – such as those in Stubbs Terrace (south of the Nicholson Road subway) and also those on the Western side of Selby Street.

I therefore am registering my objection to any changes being made to the Sub-station by the ERAand that further consultation is required with local residents!!
