Time Extended for Western Power to Submit Amended Proposed Access Arrangement

The Economic Regulation Authority has extended the time for Western Power to submit an Amended Proposed Access Arrangement in response to the Authority's Final Decision on Western Power's Proposed Revisions to the Access Arrangement for the Western Power Network by a further 20 business days to Thursday, 1 November 2012.

The Authority received a request from Western Power on 25 September 2012 to extend the deadline by a further 20 business days. The Authority accepts the extension by Western Power, for a further 20 business days, as necessary for proper consideration of all matters, and it is also satisfied that Western Power has taken all reasonable steps to fully utilise the time and processes available in Chapter 4 of the *Electricity Networks Access Code 2004 (Access Code)*.

The extension has been granted pursuant to the requirements of sections 4.64 and 4.66(i) of the Access Code.

Interested parties are advised that the revised deadline for which Western Power may submit an Amended Proposed Access Arrangement in response to the Authority's Final Decision on Western Power's Proposed Revisions to the Access Arrangement for the Western Power Network is **4:00 pm (WST) Thursday, 1 November 2012**.
