Electricity Code Consultative Committee

APPOINTMENT OF MEMBERS AND COMMENCEMENT OF 2013 CODE REVIEW

The Economic Regulation Authority (Authority) has appointed members to the Electricity Code Consultative Committee (ECCC) for the 2013-15 membership term.

Under the *Electricity Industry Act 2004* (Act) the Authority may, in consultation with the ECCC, approve a code of conduct to regulate and control the conduct of those holding electricity retail, distribution or integrated regional licences and electricity marketing agents.

The object of the Code is to define standards of conduct and levels of service in the supply and marketing of electricity to customers, provide for compensation payments where standards are not met and to protect customers from undesirable marketing conduct.

The ECCC is required to carry out a review of the Code every two years and the object of the review is to re-assess the suitability of the provisions of the Code for the purposes of section 79(2) of the Act. The ECCC will commence its next review of the Code in late 2013.
