Decision to amend gas trading licences and gas distribution licences

INSERTION OF UPDATED COMPENDIUM OF GAS CUSTOMER LICENCE OBLIGATIONS

The Economic Regulation Authority has approved amendments to the following gas trading and distribution licences:

- GDL8 – ATCO Gas Australia Pty Ltd;
- GDL9 and GTL10 – Wesfarmers Kleenheat Gas Pty Ltd;
- GDL10 – Esperance Power Station Pty Ltd;
- GTL8 – Electricity Generation and Retail Corporation (t/a Synergy);
- GTL9 – Alinta Sales Pty Ltd (t/a Alinta Energy);
- GTL11 – Esperance Gas Distribution Company Pty Ltd; and
- GTL12 – Perth Energy Pty Ltd.

The amendments consist of replacing the current version of the *Compendium of Gas Customer Licence Obligations* (**Compendium**), which is included in Schedule 2 of all gas licences, with the [updated version of the Compendium](#).

The updated version of the Compendium was [approved](#) by the Authority on 7 November 2014. The Authority updated the Compendium to maintain, as much as possible, consistency between the customer protections offered to gas and electricity customers.

The protections for electricity customers are set out in the *Code of Conduct for the Supply of Electricity to Small Use Customers* (**Electricity Code**). Following the review and amendment of the Electricity Code in 2014, the Authority decided to amend the Compendium accordingly.

The amendment to the gas licences ensures that all gas licensees will have to comply with the updated version of the Compendium as a condition of their licence.

The amended gas trading and distribution licences will take effect on 1 January 2015.
