## Goldfields Gas Pipeline

### QUARTERLY REFERENCE TARIFF ADJUSTMENT - 1 OCTOBER 2016 TO 31 DECEMBER 2016

The Economic Regulation Authority (**ERA**) has approved an adjustment to the reference tariffs for the Goldfields Gas Pipeline (**GGP**). The tariff adjustment is in accordance with the quarterly variation formula stated in the approved GGP Access Arrangement published on 21 July 2016. This formula updates the forecast inflation used in the Access Arrangement to the actual inflation.

The tariffs are reduced as the adjustment reflects a 0.18 per cent decrease in inflation in the quarter ending March 2016 compared to the 0.36 per cent forecast quarterly inflation implied in the Access Arrangement.

Goldfields Gas Transmission Pty Ltd (**GGT**) proposed the adjustment to be effective from 1 October 2016. The ERA received this proposal on 28 September 2016. The GGP Access Arrangement requires GGT to provide 40 business days' notice prior to the expected commencement date. Although GGT has not complied with the 40 business days' notice requirement on this occasion, the ERA has approved the tariff variation as it is satisfied with GGT's assurance that it has taken steps to comply in future.

The table below shows the reference tariff applicable to the GGP from 1 October 2016 to 31 December 2016.

Tariff	Toll \$/GJ	Capacity Reservation Charge \$/GJ MDQ km	Throughput Charge \$/GJ km
1 October 2016 to 30 September 2016	0.115734	0.000617	0.000227

A copy of [GGT's letter](#) to the ERA is available on our website.
