## Benchmark Reserve Capacity Price for the 2019/20 Capacity Year

### FINAL DECISION

The Economic Regulation Authority has approved the revised Benchmark Reserve Capacity Price (**BRCP**) for the 2019/20 Capacity Year of \$149,800 per MW per year, as recommended by the Australian Energy Market Operator (**AEMO**). The approved revised BRCP for the 2019/20 Capacity Year will be effective from 1 October 2019.

This approval is granted under clause 2.26.1 of the *Wholesale Electricity Market Rules* (**Market Rules**) on the basis that:

- the revised value for the BRCP reasonably reflects the application of the method and guiding principles described in clause 4.16 of the Market Rules; and
- AEMO has carried out an adequate public consultation process.

The decision on the BRCP for the 2019/20 Capacity Year is available on our [website](#).
