## Minor amendment to Water Services Licence WL42

### AQUASOL PTY LTD

The Economic Regulation Authority (**ERA**) has approved an amendment to Aquasol Pty Ltd's (**Aquasol**) Water Services Licence WL42, to remove the operating area for the Lancelin South Development (plan OWR-OA-304B). The services associated with this operating area are potable and non-potable water supply and sewerage services.

Aquasol was engaged by the developer of the Lancelin South Development to provide potable and non-potable water supply and sewerage services. The ERA granted Aquasol a licence on 5 February 2013.

In 2017, the developer established Lancelin South Water Pty Ltd (**Lancelin South Water**) and applied to the ERA for a licence to replace Aquasol as the licensed water services provider for the development. Water Services Licence WL47 was granted to Lancelin South Water on 10 March 2017.

In March 2018, Lancelin South Water took control of the water services from Aquasol.

On 12 April 2018, Aquasol advised the ERA it had no further responsibilities for the water services in the Lancelin South Development operating area. Accordingly, Aquasol applied to have its licence amended to remove this operating area.

Aquasol will continue to supply sewerage services to the Fairways Retirement Village and non-potable water services to the adjacent Lakelands Country Club golf course in Gnangara, which it was licensed to supply in January 2018 under WL42.

The amended licence [WL42, version 7](#) is available on the ERA website.

Consistent with the ERA's [Consultation Guidelines](#), the ERA did not undertake public consultation on this minor amendment.

As required under section 47(2) of the *Water Services Act 2012* and regulation 10 of the *Water Services Regulations 2013*, this notice sets out the following prescribed information about the amended WL42:
