Consultation on water licence application

ATHENA WATER SOLUTIONS

The Economic Regulation Authority (ERA) is seeking public comment on an application by Athena Water Solutions to provide water supply services to customers in the Country Heights Estate being developed by Claymont Development Pty Ltd.

The Country Heights Estate is located in Ginginup, north of Perth, and will be subdivided into 313 rural residential lots.

A summary of the licence application is available on the ERA [website](#).

The grant of the licence is subject to the ERA being satisfied that it would not be contrary to the public interest to do so and that the applicant:

- has, and is likely to retain, the financial and technical ability to provide the service in the operation area(s) specified for the service; or
- will acquire within a reasonable time after the grant, and is then likely to retain, that ability.

Invitation for submissions

The ERA invites interested parties to make submissions on the licence application.

Submissions close 4:00 pm (WST) Friday, 27 July 2018.

Submissions should be lodged online using the form on our website www.erawa.com.au/consultation.
