- (d) Western Power provides the Services under this Contract to the User and does not provide any such Services to the Indemnifier. Western Power's sole liability in connection with the provision of the Services (including any failure of, or defect in provision of the Services) is to the User and Western Power has no liability of any nature to the Indemnifier in connection with the provision of the Services.

- (b) If the User makes an application to Western Power under clause 3.4, then Western Power must process the application under the Applications and Queuing Policy.

### 3.5 Addition of a Connection Point

- (a) The User may not add an additional Connection Point to this Contract unless the User makes an application to Western Power, and Western Power approves that application, under:

- (d) The Parties acknowledge that if the User is a Metering Code Participant, for each Connection Point Western Power must also record and update the relevant information required under Part 1 of Schedule 3 in the Metering Database in accordance with the provisions of the Metering Code and, to the extent that a timeframe is not specified in the Metering Code or a service level agreement in force between the User and Western Power, Western Power must do so as soon as is reasonably practicable.
- (e) Nothing in this Contract restricts or prohibits Western Power from maintaining and updating the Metering Database in accordance with the Metering Code.
- (f) Western Power will provide the User with access to the information in the Metering Database in accordance with the Build Pack.

  - (ii) Western Power must update the information contained in the Connection Point Database before the next 21 July following the Permanent Reconfiguration of the Network.
- (h) Where a Permanent Reconfiguration of the Network occurs as a result of, or arising from, a notice or application by the User under clauses 3.4, 3.5 or 3.6 which results in the information contained in the Contract Database having to be updated:

- (i) clause 3.7(g) does not apply;
  - (ii) Western Power must update the information contained in the Connection Point Database as soon as reasonably practicable after the Permanent Reconfiguration of the Network; and

  - (k) Where under this Contract Western Power has recorded information in more than one of Part 1 of Schedule 3, the Metering Database and any other database maintained by Western Power for the purposes of this Contract and there is an inconsistency or conflict between the information in the databases in which the information is recorded, then the following order of precedence applies, from highest to lowest:
    - (i) where the circumstances in clauses 3.7(g) or 3.7(h) apply:
      - (A) Part 1 of Schedule 3;
      - (B) any other database;
      - (C) the Metering Database; and

      - (B) Part 1 of Schedule 3;
      - (C) any other database.
  - (l) Western Power must notify the User as soon as reasonably practicable upon becoming aware that a Connection Point has reverted to the User as a default supplier retailer (being a retailer of the type contemplated in section 59 of the Act).

#### **4. The User must provide forecast information**

##### **4.1 Western Power may request information**

Western Power may as a Reasonable and Prudent Person, in respect of a Connection Point, request power and energy forecast information from the User.

##### **4.2 When Western Power may request information**

A request under clause 4.1 must not be made more than once in any 12 month period, except in an Emergency or where any forecasts provided by the User materially differ from the User's actual performance and, in the opinion of Western Power (as a Reasonable and Prudent Person), require revision in order to facilitate the operation of the Network in accordance with Good Electricity Industry Practice.

##### **4.3 User must comply with request**

The User must comply with Western Power's reasonable request under clause 4.1.

## **5. Title to electricity**

### **5.1 Transfer into the Network**

Title to electricity that is transferred into the Network at a Connection Point passes from the User to Western Power at the time it passes through the Connection Point.

### **5.2 Transfer out of the Network**

Title to electricity that is transferred out of the Network at a Connection Point passes from Western Power to the User at the time it passes through the Connection Point.

## **6. Controllers**

### **6.1 User must nominate Controller where Connection Point exceeds threshold**

- (a) If the User is not the Controller of a Connection Point then the User must, by notice to Western Power before the Start Date of the relevant Services, or as soon as reasonably practicable thereafter (but in all cases no later than 30 Business Days after the Start Date of the relevant Services), nominate a person as the Controller for a Connection Point where:
  - (i) Generating Plant with installed capacity exceeding 30 kVA is connected at the Connection Point; or
  - (ii) the Connection Assets for the Connection Point are operated at 66 kV or greater; or
  - (iii) the rating of the largest motor connected at the Connection Point is greater than 0.4% of the three phase short circuit fault level at the Attachment Point.
- (b) The User may, from time to time, by notice to Western Power, change the person the User nominates as the Controller of a Connection Point.
- (c) The Parties must amend the Connection Point Database following any variation made under this clause 6.1.
- (d) Western Power, acting as a Reasonable and Prudent Person, may at any time on reasonable technical or commercial grounds object to a person nominated by the User as a Controller under clause 6.1, in which case the User must either:
  - (i) Dispute Western Power's objection; or
  - (ii) nominate a different person as a Controller.
- (e) If Western Power requires, the User must use reasonable endeavours to procure that the person nominated by the User as a Controller enters into a Connection Contract with Western Power in respect of the Connection Point.
- (f) If the User requests Western Power to do so, Western Power must use reasonable endeavours and act in good faith to enter into a Connection Contract with a Controller (validly nominated by the User under clause 6.1(a)) in respect of the Connection Point.

### **6.2 Where the User is not the Controller**

- (a) Subject to clause 6.2(f), if the User is not the Controller of a Connection Point, and the Controller of that Connection Point has not entered into a Connection Contract with Western Power in respect of the Connection Point, then the User must ensure that the Controller of that Connection Point complies, and will continue to comply, with the obligations set out in this Contract, to the extent that such compliance is reasonably necessary for the Parties to satisfy their obligations under this Contract, including, but not limited to:

- (i) clause 11 (Good Electricity Industry Practice); and
  - (ii) clause 12 (Technical Rules); and
  - (iii) clause 13 (Technical characteristics of Facilities and Equipment); and
  - (iv) clause 14 (Cooperation); and
  - (v) clause 15 (Access to premises); and
  - (vi) clause 16 (Directions from System Operator); and
  - (vii) clause 17 (Removal of equipment); and
  - (viii) clause 25 (Curtailment); and
  - (ix) clause 35 (Notices).
- (b) If the User is not the Controller of a Connection Point, and the Controller of that Connection Point has not entered into a Connection Contract with Western Power in respect of the Connection Point, then the User must ensure that it enters into a contract with the Controller obliging the Controller to comply with the obligations set out in this Contract (to the extent set out in clause 6.2(a)) and that such contract entered into between the User and a Controller relating to Services under this Contract contains a provision:
- (i) that neither the User nor Western Power is in any circumstances liable for Indirect Damage suffered by the Controller, however arising, excluding any damage caused by, consequent upon or arising out of fraud; and
  - (ii) under which the Controller covenants in favour of Western Power (which covenant is expressed to be enforceable by Western Power in accordance with section 11 of the *Property Law Act 1969 (WA)*) that it will not bring a claim against Western Power for such Indirect Damage and will not bring a claim which will result in Western Power's aggregate liability to the Controller and the User, under or in connection with this Contract or the Services provided under or in connection with this Contract, exceeding the monetary cap on Western Power's liability in clause 19.5(a).

The exclusion of Indirect Damage in clause 19.3 does not apply to a failure by the User to ensure that its contract with the Controller contains the covenant referred to in paragraph (ii) above.

- (c) On reasonable request from Western Power, the User must (unless the Controller has already entered into a Connection Contract with Western Power) provide evidence to Western Power's satisfaction as a Reasonable and Prudent Person that the User is complying, and will continue to comply, with clause 6.2(a).
- (d) If the User does not satisfy Western Power under clause 6.2(c), Western Power may refuse to commence the Services or may Curtail the provision of Services in respect of the relevant Connection Point unless and until:
  - (i) the Controller has entered into a Connection Contract with Western Power in respect of the Connection Point; or
  - (ii) the User satisfies Western Power under clause 6.2(c).
- (e) For the avoidance of doubt, if the User is in breach of clause 6.2(a), then the User is liable for, and must indemnify Western Power pursuant to clause 19.2 against any Direct Damage caused by, consequent upon or arising out of the acts and omissions, negligent or otherwise, of the Controller to the extent that the acts or omissions, negligent or otherwise, of the Controller are attributable to that breach, unless the Controller has entered into a Connection Contract with Western Power.

- (f) Subject to clause 6.2(g), the User is required to commence, maintain or continue legal proceedings to procure compliance of the Controller with the obligations set out in this Contract, to the extent that such compliance is reasonably necessary for the Parties to satisfy their obligations under this Contract.
- (g) For a Connection Point other than as referred to in clause 6.1, the User is not required to comply with clause 6.2(f) unless Western Power provides an indemnity to the User for all of the User's costs of and incidental to the proceedings.
- (h) Nothing in clause 6.2(f) or clause 6.2(g):
  - (i) limits the User's obligations under the remainder of this clause 6.2; or
  - (ii) derogates from Western Power's other rights under this Contract including its rights under clause 6.2(d), or requires Western Power to pay any compensation to the User for exercising any of those rights.

### 6.3 Western Power may enter into Access Contracts

Nothing in clause 6.2 is to be taken to prevent Western Power from entering into an Access Contract with any person, including a person who is a Controller.

### 6.4 Liability and Force Majeure not limited

Nothing in clause 6.2 limits the operation of clauses 19.2 or 22.1 in respect of either the User or Western Power.

## 7. Tariff and Charges

### 7.1 Tariff

- (a) The tariff payable under this Contract for a Service is the tariff, or tariffs, as applicable, specified in the Price List from time to time for the Service. For the avoidance of doubt, the tariffs specified in the Price List apply to all consumption during the Pricing Year applicable to the Price List. Where consumption is metered with an accumulation meter and the meter reading interval causes some of the metered consumption to lie within the Pricing Year applicable to the Price List and the remainder within a Pricing Year applicable to another Price List, the consumption covered by the Price List will be determined by prorating the metered consumption uniformly on a daily basis.
- (b) If:
  - (i) no Price List is published by the Authority on the date required under the Code; or
  - (ii) a purported Price List which does not comply with the Access Arrangement is published, then to the extent that the effect of a Price List (if it had been published on the date required under the Code and had been compliant with the Access Arrangement) would have been to reduce the Tariff payable by the User, then the User may recover the Tariff reduction as an overpayment under clause 8.6.
- (c) If applicable, the Tariff payable under clause 7.1(a) for a Service after the end of the current Access Arrangement period is to be determined as follows:
  - (i) if the new Access Arrangement contains a Reference Service ("**Equivalent Reference Service**") which is materially the same as the Service then the tariff for the Service is to be the tariff for the Equivalent Reference Service; and

- (ii) if the new Access Arrangement does not contain an Equivalent Reference Service, or if for any reason there is no new Access Arrangement or new Price List under the new Access Arrangement, then the tariff for each quarter will be the Tariff in the final Price List which Western Power was required to publish under the previous Access Arrangement, CPI-Adjusted annually each 1 July.
- (d) Clause 7.1(c) applies, with appropriate modifications, in respect of the end of each successive Access Arrangement period.
- (e) Western Power must notify the User of the Tariffs calculated from time to time under clause 7.1(c).
- (f) For the purposes of calculating Tariffs and Charges for a Service:
  - (i) Western Power is entitled to rely on the information contained in the Contract Database (as updated from time to time in accordance with this Contract); and
  - (ii) where information contained in the Contract Database is updated, or to be updated, in accordance with this Contract, the updated information:
    - (A) will not apply to any period before; and
    - (B) must not be used to calculate a Tariff or Charge until, the date that the information is actually updated in accordance with this Contract.

## 7.2 Charges

The User must pay to Western Power:

- (a) the Charge for each Service calculated at the Tariff determined under clause 7.1.
- (b) Nothing in this clause 7.2 prevents Western Power from recovering any other monies otherwise payable by the User to Western Power under this Contract or at Law.

## 7.3 Charges during Western Power's Force Majeure Event

- (a) If a Service ("**Affected Service**") is unavailable for any consecutive period of two days or longer ("**Affected Service Period**") due to a Force Majeure Event where:
  - (i) Western Power is the Affected Person;
  - (ii) the User is unable to use the Affected Service because of the Force Majeure Event; and

## 9. Security for Charges

- (a) Subject to clause 9(b), if Western Power determines at any time during the Term that either or both of the User's or the Indemnifier's technical or financial resources are such that a Reasonable and Prudent Person would consider there to be a material risk that the User will be unable to meet its obligations under this Contract, then:
  - (i) Western Power may require the User to within 15 Business Days nominate which of the User or the Indemnifier ("**Nominated Person**") is to provide security; and
  - (ii) within 15 Business Days of the User's nomination under clause 9(a)(i), the Nominated Person, at the User's election, must either:

    - (B) provide an irrevocable and unconditional bank guarantee or equivalent financial instrument in terms acceptable to Western Power (acting as a Reasonable and Prudent Person), guaranteeing or otherwise securing the Charges for two months' Services; or
    - (C) if Western Power is satisfied, as a Reasonable and Prudent Person, that the User's parent company's financial and technical resources are such that the User's parent company would be able to meet the User's obligations under this Contract (including because the User's parent company meets at least one of the credit ratings given in clauses 9(b)(i) and 9(b)(ii)), procure from the User's parent company a guarantee substantially in the form set out in Schedule 8.
- (b) If the User or the Indemnifier has an unqualified credit rating of at least:
  - (i) BBB from Standard and Poor's Australia Pty Ltd; or

- (c) If any security held by Western Power under clause 9(a)(ii)(A) or 9(a)(ii)(B) at any time is not equal to the Charges for two months' Services, then the Nominated Person must, within 15 Business Days of a written request by Western Power to the User:
  - (i) if the security is a cash deposit under clause 9(a)(ii)(A), provide Western Power with an additional cash payment to increase the security so that it is equal to the Charges for two months' Services; or
  - (ii) if the security is a guarantee under clause 9(a)(ii)(B), replace the guarantee with another guarantee (that is in accordance with clause 9(a)(ii)(B)) in an amount that is equal to the Charges for two months' Services.

- (d) If any security held by Western Power under clause 9(a)(ii)(A) or 9(a)(ii)(B) is called upon by Western Power or if that security ceases to be enforceable for any reason (including due to expiry of the security) then within 15 Business Days the Nominated Person must provide replacement security to Western Power complying with the requirements of clause 9(a)(ii).
- (e) Where a guarantee has been provided to Western Power by the User's parent company but Western Power ceases to be satisfied, as a Reasonable and Prudent Person, that the criteria in clause 9(a)(ii)(C) are met then by notice to the User Western Power may require the provision of a new form of security complying with the requirements of clause 9(a)(ii)(A) or 9(a)(ii)(B) which security must be provided within 15 Business Days of service of Western Power's notice.
- (f) Upon the termination of this Contract and receipt by Western Power of all amounts due by the User to it under this Contract Western Power will return to the User any security provided under this clause 9 which is still held by Western Power. Where the security provided to Western Power was a cash deposit, then Western Power will return to the User the unutilised balance of the cash deposit and interest accrued on the deposit less any charges (including fees and charges associated with maintaining the interest bearing account) and taxes attributable to the maintenance of the interest bearing account in which the cash deposit was kept.
- (g) Western Power may call upon a cash deposit or bank guarantee (or equivalent financial instrument) provided to it under this clause 9 if an amount due by the User to Western Power under this Contract is not paid by the due date for payment of that amount or, where this Contract does not specify a due date for payment, is not paid within 10 Business Days of Western Power issuing a notice to the User requiring payment of the amount.
- (h) In this clause 9, a reference to the Charges for two months Services means Western Power's reasonable estimate of the Charges which will be incurred by the User for the Services provided under this Contract in the next two calendar month period from the end of the next Accounting Period (that is, from the end of the Accounting Period which expires after the Accounting Period in which the User is notified of the current level of security it is required to provide).
- (i) Where security is provided to Western Power in the form of a cash deposit, then Western Power shall deposit the amount in an interest bearing account maintained with a financial institution, selected consistently with Western Power's policies, or with the Western Australian Treasury Corporation or other government body. Any interest which accrues on the cash deposit shall form part of the security however where, as at the end of a month, the aggregate amount of cash deposit held by Western Power (including interest and after deducting any fees, charges and taxes associated with maintaining the interest bearing account) exceeds the Charges for two months' Services Western Power will, within a reasonable time, pay the excess amount held (above the Charges for two months' Services) to the Customer's nominated bank account.
- (j) Where Western Power is required, under this Contract, to return the whole of a security held as a cash deposit then it will, within a reasonable time, return to the User the unutilised balance of the cash deposit and interest accrued less any charges (including fees and charges associated with maintaining the interest bearing account) and taxes attributable to the maintenance of the interest bearing account.
- (k) Nothing in this Contract is to be taken as imposing any obligation on Western Power to maximise or obtain any return on cash deposit amounts held by Western Power as security.

## **10. Security for Contribution**

Without limiting the User's security obligations related to clause 26, where Western Power has determined in accordance with the Contributions Policy that the User is required to provide an irrevocable and unconditional bank guarantee (or equivalent financial instrument) in terms acceptable to Western Power (acting as a Reasonable and Prudent Person), guaranteeing the present value of any amount of any Contribution to be made by the User that remains unpaid or unprovided as calculated by Western Power under the Contributions Policy, the Nominated Person must provide to Western Power the requested bank guarantee (or equivalent financial instrument).

#### **19.6 Procedure for party seeking to rely on indemnity**

If any Claim is made or instituted against:

the following procedure applies:

- (c) the Indemnified Party must give notice of the Claim to the Indemnifying Party as soon as reasonably practicable; and
- (d) the Indemnified Party must not admit, compromise, settle or pay any Claim or take any other steps which may in any way prejudice the defence or challenge of the Claim without the prior written consent of the Indemnifying Party (which must not be unreasonably withheld) except as may be reasonably required in order to defend any judgment against the Indemnified Party (to avoid doubt, Part 1E of the *Civil Liability Act 2002 (WA)* applies in respect of any ‘apology’ (as defined in Section 5AF of that Act) given by the Indemnified Party); and
- (e) the Indemnified Party must permit the Indemnifying Party to take, at the Indemnifying Party’s expense, any reasonable action in the name of the Indemnified Party to defend or otherwise settle the claim as the Indemnifying Party may reasonably require; and
- (f) the Indemnified Party must ensure that the Indemnifying Party and its representatives are given reasonable access to any of the documents, records, staff, premises and advisers of the Indemnified Party as may be reasonably required by the Indemnifying Party in relation to any action taken or proposed to be taken by the Indemnifying Party under clause 19.6(e).

#### **19.7 Obligation to pay and right to indemnities survives termination**

- (a) A Party’s and the Indemnifier’s obligation to pay an amount to another Party under this Contract is a continuing obligation, separate and independent from the other obligations of either or both of the Party and the Indemnifier and survives termination (for any reason) of this Contract.

- (b) Each indemnity in this Contract is a continuing obligation, separate and independent from the other obligations of both the Parties and the Indemnifier and survives termination (for any reason) of this Contract. It is not necessary for either or both of a Party or an Indemnifier to incur expense or make payment before enforcing a right of indemnity conferred by this Contract.

### **19.8 Apportionment of liability**

- (a) For the avoidance of doubt, where either or both of the User or the Indemnifier is liable to, or is to indemnify, the other Party under this Contract, the liability or indemnity owed by either or both of the User or the Indemnifier is limited to the proportion of the damage suffered by Western Power as a consequence of the Default, negligence or fraud of either or both of the User or the Indemnifier giving rise to the liability or indemnity.
- (b) For the avoidance of doubt, where Western Power is liable to, or is to indemnify, either or both of the User or the Indemnifier under this Contract, the liability or indemnity owed by Western Power is limited to the proportion of the damage suffered by either or both of the User or the Indemnifier as a consequence of the Default, negligence or fraud of Western Power giving rise to the liability or indemnity.
- (c) For the purposes of the application of the indemnity given by the Indemnifier under clause 19.2(b):
  - (i) clause 19.8(a) may apply to reduce the User's liability to Western Power and, consequently, the amount of liability for which the Indemnifier must indemnify Western Power;
  - (ii) except as provided in clause 19.8(c)(i), clause 19.8(a) does not apply to reduce the Indemnifier's indemnification obligation.

### **19.9 Mitigation of losses**

A Party and the Indemnifier must take such action as is reasonably required to mitigate any loss or damage to it for which indemnity may be claimed under this Contract or otherwise.

### **19.10 Recoveries under insurance**

- (a) To the extent that Western Power recovers against any insurer under an insurance policy effected by either Party or the Indemnifier for a Claim in connection with this Contract in respect of which either or both of the User or the Indemnifier is liable, for any reason (including negligence), the amount as recovered shall, for the purposes of clause 19.5, be deemed to have been paid.
- (b) To the extent that the User recovers against any insurer under an insurance policy effected by either Party or the Indemnifier for a Claim in connection with this Contract in respect of which Western Power is liable, for any reason (including negligence), the amount as recovered shall, for the purposes of clause 19.5, be deemed to have been paid.

### **19.11 Intermediary Indemnity**

Where:

- (b) that person is not party to this Contract,

then the User must indemnify and keep indemnified Western Power against any costs, expenses, losses or damages suffered or incurred by Western Power due to Claims made by that person against Western Power:

- (c) For each Connection Point, prior to the Start Date of a Service at the Connection Point, and at such other times as Western Power shall reasonably request in writing (such request not to be made more than once in respect of a 12 month period unless extraordinary circumstances apply), the User must provide Western Power with certificates of currency for the insurances required under clause 21.1(a).

#### **21.4 Cross liability**

Every policy of public and products liability insurance must include a cross liability clause in which the insurer expressly accepts that the term insured applies to every person who is named in the policy as if there was a separate policy of insurance for each of them but not so as to increase the limit of liability.

#### **21.5 Notice of cancellation**

A Party must notify the other Party immediately on being advised by its insurer of cancellation or non-renewal of any of the insurance policies in Schedule 5, and immediately use all reasonable endeavours to reobtain the insurance policies in Schedule 5.

If a Party ("**Affected Person**") is unable wholly or in part to perform any obligation ("**Affected Obligation**") under this Contract (other than an obligation to pay money) because of the occurrence of a Force Majeure Event, then, subject to this clause 22, the Affected Person's obligation to perform the Affected Obligation is suspended to the extent that, and for so long as, the Affected Person's ability to perform the Affected Obligation is affected by the Force Majeure Event (such period being the "**FM Period**").

#### **22.2 When Services are Curtailed**

Without limiting clause 22.1, Western Power's obligation in respect of a Connection Point to provide the Services is suspended during any period that the provision of the Services in respect of that Connection Point is Curtailed under clause 25.1, to the extent of the Curtailment.

#### **22.4 In case of breach**

An Affected Person is not obliged to incur any expenditure in complying with clause 22.3(b) if the Force Majeure Event is constituted by a breach of, or failure to comply with, this Contract by the other Party.

## **22.5 Failure to minimise delays**

If an Affected Person fails to comply with clause 22.3(b)(ii), then the only consequence of that failure is that the FM Period is reduced by the period of any delay in the performance of the Affected Obligation attributable to that failure.

## **22.6 Settlement of a labour dispute**

The settlement of a labour dispute which constitutes a Force Majeure Event is a matter which is within the absolute discretion of the Affected Person.
