## Review of Western Power's Model Service Level Agreement

### Publication of Submissions

The Economic Regulation Authority has received three submissions in response to its consultation paper on Western Power's proposed updated model service level agreement.

Western Power's model service level agreement is required under the *Electricity Industry (Metering) Code 2012*. It details the metering services that Western Power must provide and the terms and conditions it must offer, including applicable charges.

The submissions can be found on the ERA's [website](#).
