Framework and approach for Western Power's fifth access arrangement review

Publication of submissions

The Economic Regulation Authority has published public submissions received in response to its [scoping paper](#) on the framework and approach for Western Power's fifth access arrangement review.

The framework and approach document will set out the services that will be regulated through the access arrangement and the broad nature of regulatory arrangements. It is intended to facilitate early public consultation on the access arrangement. It will also assist Western Power to prepare its proposal, which is due to be lodged on 1 February 2022.

The ERA appreciates the input from interested parties and will consider the matters raised in these submissions when preparing its issues paper on the framework and approach.

Copies of these submissions are now available on the [ERA's website](#).
