Gas licence review 2020

Consultation on issues paper

The Economic Regulation Authority invites comment on its [issues paper](#) for the 2020 review of template licences for gas supply services.

The review is limited to the format and terms and conditions of the template gas licences.

The issues paper summarises the ERA's proposed changes to the template gas licences, which include:

- Removing the Compendium of Gas Customer Licence Obligations from Schedule 2 and instead providing licensees with access to an electronic copy of the Compendium.
- Amending the licence surrender clause to require a licensee that intend to surrender their licence to provide notice to the ERA not less than 10 business days before the date the surrender is to be effective from.
- Restructuring the licences to make them easier to navigate and more accessible to the reader.

The current gas licences are available on the [ERA website](#).

Invitation for submissions

The ERA invites interested parties to make submissions on the issues paper and any other matter that is within the scope of the review.

Submissions close 4:00 pm (WST) Wednesday, 19 May 2021.

Submissions should be lodged online using the form on our website www.erawa.com.au/consultation.
