Pilbara Networks Rules

Invitation to register for ERA notices

The Economic Regulation Authority invites stakeholders to register to receive notices published by the ERA under the new Pilbara Networks Rules.

The Pilbara Networks Rules commenced on 1 July 2021. The rules contain obligations for the operation, management, security and reliability of Pilbara electricity networks, including the functions of the new Pilbara independent system operator. The rules also set out arbitration processes for disputes.

Under the Pilbara Networks Rules, the ERA is required to publish notices concerning disputes and arbitrator determinations, and to maintain a database of those who wish to receive notices.

Stakeholders are invited to register for Pilbara Networks Rules notices by completing the subscription request and selecting Pilbara Networks Rules Notices at the link below:
