## Rottnest Island Authority

### Water licence renewal application

Rottnest Island Authority has applied to the Economic Regulation Authority to renew its water services licence WL10, which expires on 13 December 2023.

Rottnest Island is an A-class reserve governed by the *Rottnest Island Authority Act 1987*, which established the Rottnest Island Authority (RIA) as a statutory authority. RIA provides water supply (potable and non-potable), sewerage and drainage services on the island.

Under the *Water Services Act 2012*, the ERA may renew a licence if it is satisfied that:

- The applicant has, and is likely to retain, for each class of water service to be authorised by the licence, the financial and technical ability to provide the service in the operating area or areas to be specified for the service.
- It would not be contrary to the public interest to do so.

The ERA must also have regard to the public interest matters set out in section 26 of the *Economic Regulation Authority Act 2003*, which include the long-term interests of consumers.
