APA Pilbara Holdings Pty Ltd

Consultation on electricity integrated regional licence application

The Economic Regulation Authority is seeking public comment on APA Pilbara Holdings Pty Ltd's application for an electricity integrated regional licence in the Pilbara.

APA is planning to construct and operate an electricity transmission line from its existing power generation facilities at the Port Hedland Power Station to a future customer's inland site.

A summary of the licence application is on the [ERA website](#).

The grant of a licence is subject to the ERA being satisfied that it would not be contrary to the public interest to do so and that the applicant has, or will acquire within a reasonable time after the grant, and is likely to retain, the financial and technical resources to undertake the activities authorised by the licence. When considering the licence application, the ERA must also have regard to section 26 of the *Economic Regulation Authority Act 2003*, which include considering the long-term interests of consumers.

Invitation for submissions

The ERA invites interested parties to make submissions on the licence application.

Submissions close 4:00 pm (WST) Monday, 28 April 2025.

Submissions can be lodged online using the form on our [Current Consultation webpage](#).
