Eglinton Village Energy Pty Ltd

Decision to amend electricity distribution and electricity retail licence

The Economic Regulation Authority has approved an amendment to electricity distribution licence EDL10 and electricity retail licence ERL33 held by Eglinton Village Energy Pty Ltd (EV-Energy) to expand the licence areas to include three additional locations.

The amendment will allow EV-Energy to construct and operate distribution systems that are part of microgrids at Muchea Industrial Park, Busselton Gateway Airport Industrial Park and Busselton Home HQ. EV-Energy will supply electricity to both small and large use business and industrial customers at the three locations.

EV-Energy currently supplies electricity to residential and business customers at Eglinton Village in the City of Wanneroo.

On 9 October 2025, the ERA published the amendment application for [public comment](#). No submissions were received.

The ERA's decision, EDL10, ERL33 and the licence area maps are available on the [ERA's website](#).
