Dear Lyndon

## **SUBMISSION OF AMENDED PROPOSED REVISIONS TO THE ACCESS ARRANGEMENT**

I am pleased to provide to you Western Power's Amended Proposed Revisions to the Access Arrangement and Amended Proposed Access Arrangement Information, as required by the Electricity Networks Access Code 2004. The Amended Proposed Access Arrangement Information includes Western Power's audited 2011/12 regulatory financial statements.

The following comprises our submission:

1. a printed copy of the documents; and
2. an electronic version of the submission and supporting documents, provided via email to the Authority's secretariat for publication on the ERA website

We have implemented or addressed all 58 of the amendments required by the Authority in its Final Decision in order for the Authority to approve this amended proposed access arrangement.

If the Authority requires any further changes to the access arrangement or any of its associated policies, we would appreciate if the Authority advises us of the requirements at the earliest opportunity, ahead of the Further Final Decision, so that we can commence work to ensure the access arrangement and its policies can be implemented by 1 January 2013.

If you wish to discuss this submission further I invite you to contact me.

Yours sincerely

**PHIL SOUTHWELL**
