Dear Bronwyn Weir

Application for revocation of Category 3 exemption for Northern Goldfields Interconnect (PL 129)

Your application for revocation of Category 3 exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Northern Goldfields Interconnect (NGI) (PL 129) has been assessed by the Economic Regulation Authority.

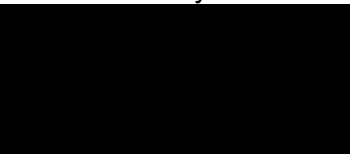

The ERA has decided to grant the revocation of Category 3 exemption for the NGI (PL 129) effective on 21 October 2025.

As a service provider for the pipeline, APA NGI must now publish information required under Division 2 Part 23 of the *National Gas Rules (WA)*, such as financial information and weighted average price information with respect to the NGI (PL 129).

The ERA is required to establish, publish and maintain a register of exemptions and exemption revocations. Your application for revocation of exemption will be published on the ERA's [website](#).

Please contact Tyson Self, Assistant Director Gas Access, on 08 6557 7900 if you have any questions on this matter.

Yours sincerely

Jenness Gardner
Chief Executive Officer
