

Notice

2 April 2026

2026/27 price list for the Western Power network

Publication of Western Power's proposed price list

Western Power has submitted its [proposed 2026/27 price list](#) for network services for the Economic Regulation Authority's approval.

We will determine whether the proposed price list meets the requirements of the Electricity Networks Access Code 2004 and Western Power's approved access arrangement, including the approved tariff structure statement, and that any forecasts are reasonable.

We expect to publish our decision on the proposed price list by 15 May 2026.
